Ford Escape Hybrid Owner Guide:

The Mercifully Brief, Real World Guide to Raising Thousands (if Not Tens of Thousands) of Dollars with Email

Madeline Stanionis, 2006 Perhaps you're skeptical. After reading the title of this book you're saying, "Sure, Red Cross and Salvation Army can raise tons of money with email, but my agency isn't a brand name. You're telling me I can do the same?" Well, no. Author Madeline Stanionis isn't claiming that. She's President of Donordigital, not Pollyanna. What she is saying is that you can raise a healthy amount, thousands, if not tens of thousands of dollars, if you approach email fundraising with a measure of intelligence and creativity. And you've got to hand it to Stanionis. Any consultant who would give away the store as she does in this book has something grander in mind than her own self-interest. And give away the store is what the author does. Generously dispensing advice, insider tips, and recommendations, she usually commands tidy sums. For Stanionis reveals precisely what you need to do, step by step, to raise substantial money with email. And while it's not as simple as sending hastily written emails every week or month, neither is it unduly complicated or time-consuming. At heart, raising thousands of dollars with email is all about building your list, using timing to your advantage, crafting a series of coherent messages, presenting your email in a visually appealing way, and carefully observing your returns for clues that can guide your future efforts. That's it, really. And any organization following Stanionis' trenchant advice will see immediate results. Further, there's plenty of material in the book to customize and adapt, as Stanionis offers a wealth of sample emails from diverse organizations. And taking it a step further, in the Resources section of the book, the author shows you how to identify just the help you might need: a messaging vendor who can send your emails, for example. Other books talk about Internet fundraising, which usually encompasses e-commerce strategies such as online shopping malls and auctions. That's all well and good, but many of us want to know one simple thing: how can we raise more money with email? And do it now. *Raising Thousands (if Not Tens of Thousands) of Dollars with Email* puts that question to rest. [Big Book of Self-Reliant Living](#) Walter

Szytkitka, 2009-10-14 Rural homesteaders and urban apartment dwellers alike will find a mother lode of practical information packed into this completely revised and updated edition of the ultimate how-to handbook for all generations. A selective compendium of public domain documents, it brings together in one volume a wealth of knowledge and useful instruction on just about every imaginable aspect of self-sufficiency: from building a dwelling and growing food to raising children, using tools of all kinds, and yes, getting more mileage out of your car. Readers will learn how to build a greenhouse, administer first aid, stock an emergency shelter, survive in the wilderness, at sea, and in the city, plant, buy farmland, grow plants indoors, and out, read architect's drawings, care for household pets, repair clothing, hunt, trap, and fish, repair a screen or leaking faucet, butcher and store big game, kill, relieve allergy symptoms, control insects, stay safe during storms and floods, can and freeze fruits and vegetables, take your own blood pressure, and much, much more.
