Edmund Anderson convincingly shows that not only are the YECist claims of Ken Ham unbiblical and unscientific but they have sowed the seeds of strife and division within countless Christian communities He should know he lost his job as a biblical worldview teacher at a small Evangelical school over the issue of YECism Anderson's ultimate message is simple regardless of your position regarding evolution or the interpretation of Genesis 1:11 they are not fundamental to the Christian faith and should not be used as battlefronts in the culture war If you have always had questions about the creation evolution debate the claims of YECism and the way Genesis 1:11 should be interpreted *The Heresy of Ham* is a tremendous resource for anyone struggling coming to grips with these issues *The New Answers Book Volume 3* Ken Ham, 2010-02-01 The world around us provides irrefutable evidence of our Creator but when challenged can you defend your faith Do you have answers to your own questions or those of your family about faith evolution creation and a biblical worldview Get the important information you need in this compelling third book from the popular Answers series and learn more about Global warming Cloning and stem cells The existence of God Bacteria and viruses Questions for evolutionists Human and chimp DNA The universe young or old Kinds in Genesis What Noah's Ark looked like and much more Learn how to be more effective in defense of scriptural authority and the truth of Genesis as literal history Join Ken Ham and leading creation scientists like Dr Jason Lisle Dr Andrew Snelling Dr Georgia Purdom Dr David Menton Dr Terry Mortenson Dr John Morris Dr Steve Austin Dr David DeWitt Dr Danny Faulkner Dr Joe Francis and others as they provide simple and empowering answers to these and other popular questions of faith in our culture today Other exciting books available in this best selling series *The New Answers Book 1* and *The New Answers Book 2* with over 50 additional questions and answers [Already Gone](#) Ken Ham, Britt Beemer, 2009-05-01 Over 100 000 copies in print If you look around in your church today two thirds of the young people who are sitting among us have already left in their hearts soon they will be gone for good This is the alarming conclusion from a study *Answers in Genesis* commissioned from America's Research Group led by respected researcher Britt Beemer The results may unnerve you they may shake long held assumptions to the core but these results need to be taken seriously by the church *Already Gone* reveals Why America's churches have lost an entire generation of believers The views of 1 000 twenty somethings solidly raised in the church but no longer attending and their reasons why Relevant statistical data effectively teamed with powerful apologetics The study found that we are losing our kids in elementary middle school and high school rather than college and the Sunday school syndrome is contributing to the epidemic rather than helping alleviate it This is an alarming wake up call for the church showing how our programs and our approaches to Christian education are failing and our children are paying the price Though the statistics reveal a huge disconnect taking place between our children and their church experience *Already Gone* shows how to fight back for our families our churches and our world We can make a difference today that will affect the statistics of tomorrow in a positive and Christ focused way *The Answer Book* Nancy Ruth, 2015-02-18 *The Answer Book* A Devotional for Busy Families recognizes that today's

God's People, God's Plan Harold Lerch,2018-02-01 The Bible is the infallible word of God It is reliable The creation account and historicity are supported by science not disproven Is the promise of the Messiah false hope How can peace come to the Middle East *A Christian Student'S Guide to Truth in Science* Stanley J. O'Briant,2015-03-13 This book exposes the attempt to teach atheistic evolution to students often ridiculing their faith in God The classrooms in our schools have become the battlegrounds for the minds of our children Since the introduction of evolution by Charles Darwin there has been a growing list of atheist professors who vigorously fight any religion The classrooms of America should not be the battlegrounds of any religion but evolution is a religion It has no place in the classroom since it does not offer any information that improves the teaching of any science class except evolution itself There is no proof of evolution only assertions innuendos credulity belief without proof and suppositions Fully one third of all geology textbooks deal with evolution which is founded only opinion and undocumented assertions Therefore it should be removed from all textbooks Dr David Menton who taught medicine at the Washington School of Medicine in St Louis Missouri for twenty five years stated that he never once needed to reference evolution in any medical class A coalition of organizations such as the National Academy of Sciences whose members are 93% atheist or agnostic and the National Center for Science and Education control most of the government grants intended for schools use fully support the atheism of evolution and they attack any criticism of evolution **The Lie** Ken Ham,2012-10-15 Today Christians and those considering the Christian faith increasingly doubt the Bible s reliability Why What changed Revised Expanded for this special 25th anniversary edition Ken Ham points out the looming precipice too many church leaders are rushing towards a denial of the full authority and accuracy of the Bible from its very first verse In addition Ken powerfully shows how the unproven unscientific philosophy of evolution is driving young people away from the Christian faith and provides solid biblical solutions to turn things around The Lie uncovers Why Genesis remains critically important in presenting the Gospel This slippery slope of reinterpreting Scripture and redefining biblical doctrine How the handling of the biblical account of creation impacts your understanding of all of Scripture and your worldview The collapsing structure of Christianity as Genesis is questioned compromised and dismissed The religion of evolution The authority of God s Word versus man s fallible word Genesis as the foundation for all biblical doctrine Evolutionary ideas are actually destructive to the foundational message of the Cross of Jesus Christ Evolution is used to justify social issues such as abortion communism drug abuse homosexual practices and worse The successful use of creation

evangelism to present the whole gospel message These issues are of critical importance when you realize that today we have Christians questioning Genesis the age of the earth the reality of Hell Adam as a real person and Christ s own words about creation marriage and more One compromise just leads to another and it has to end if we want to leave a legacy of faith to future generations Churches individuals and Bible colleges are using this Christian apologetic resource to strengthen their faith families and sharing of the whole gospel of Jesus Christ Starlight and Time Dr. Russel Humphreys,1994-01-01 The Bible says the universe is just thousands of years old and yet we can see stars that are billions of light years away Until now creation scientists have not had a satisfactory answer to this puzzle but the new cosmology outlined in this book offers a fresh and scientifically sound solution Though he challenges some traditional creationist theories Dr Humphreys takes Scripture very straightforwardly upholding its inerrancy and the idea of a young universe as he explains days one through four of creation week This book not only contains an easy to read popular summary of this new cosmology but also two technical papers which were very well received at the Third International Conference on Creationism In this enlightening book Dr Humphreys answers questions such as How do you explain distant starlight in a young universe How should a creationist answer the challenges that arise when faced with traditional cosmology Doesn t distant starlight prove evolution
