

AP US Government and Politics Free Response #2

- 1) "The white man can lynch and burn and bomb and beat black citizens-that's all right: 'Have patience'... 'The customs are entrenched'... 'Things are getting better'... Well I believe it's a crime for anyone who is being brutalized to continue to accept that brutality without doing something to defend himself..."

I tried in every speech I made to clarify my new position regarding white people- I don't speak against the sincere, well-meaning, good white people...I am speaking against and my fight is against the white racists. I firmly believe that black citizens have the right to fight against these racists, by any means that are necessary.

I am for violence if non-violence means we continue postponing a solution to the American black man's problem- just to avoid violence. I don't go for non-violence if it also means a delayed solution. To me a delayed solution is a non-solution"

- Malcolm X, from *The Autobiography of Malcolm X* (1965)

After reading the above quotation, respond to A, B, and C below:

- a) Identify a constitutional provision that supports Malcolm X's insistence on human rights for black citizens.
The equal protection clause of the 14th Amendment is the constitutional principle that supports Malcolm X's insistence on human rights for African-Americans
- b) Identify differences between Malcolm X's recommendation citizen-state interactions and the citizen-state interactions Dr. King describes in "*Letter from a Birmingham Jail*".
Malcolm X endorses violence if nonviolent protest only postpones progress, whereas Dr. King did not endorse violence in the letter, believing nonviolence was the best way to accomplish their goals.
Malcolm X believed it was a crime for a person who was being brutalized to continue to accept it without defending himself, while MLK trained his followers to accept this without fighting back.
- c) Explain how Malcolm X's approach reflects the relationship between political behavior and the rule of law.
Malcolm X believes you shouldn't follow any law in your political behavior if the law discriminates based on race. He also says that violence is necessary if it is for self-defense and achieving their goal of equal rights.
