government established by Americas founders They see Washingtons profligate spending imperious unaccountability and reprobate political environment as symptoms of a federal government that recognizes no limitations on its power They feel a civic responsibility to speak out and to work toward a return to constitutional governance and sound fiscal policy This is not a book about the tea party movement It is a book about the political economic and cultural upheavals fueling the movement the insanely escalating national debt the increasingly coercive and contemptuous political establishment the arrogant failure of true political leadership and the pervasive assault on the society sustaining virtues of truth trust integrity morality freedom and civility
