### 13 November Practical For Life Science Memo:

Memorandum - ,1961      **Iconoclast: Abraham Flexner and a Life in Learning** Thomas Neville Bonner,2019-08-16

Abraham Flexner 1866 1959 raised in Louisville Kentucky in a family of poor Jewish immigrants from Germany attended the Johns Hopkins University in the first decade of its existence After graduating in 1886 he founded four years before John Dewey s Chicago laboratory school a progressive experimental school in Louisville that won the attention of Harvard President Charles W Eliot After a successful nineteen years as teacher and principal he turned his attention to medical education on behalf of the Carnegie Foundation His 1910 survey known as the Flexner Report stimulated much needed radical changes in American medical schools With its emphasis on full time clinical teaching it remains the most widely cited document on how doctors best learn their profession Flexner s subsequent projects a book on medical education in Europe and a comparative study of medical education in Europe and America remain unsurpassed in range and insight For fifteen years a senior officer in the Rockefeller supported General Education Board in New York City he helped distribute grants more than 6 billion in today s dollars for education in medicine and other subjects and started the Lincoln School in 1917 His devastating critique of American higher education Intellectual inquiry not job training is the purpose of the university raised important questions upsetting many educators In 1930 Flexner created and led the Institute for Advanced Study at Princeton convincing Albert Einstein to accept the first appointment at the new institute Iconoclast is a thoughtful wonderfully crafted solidly researched account of an uncommon life that far exceeds Abraham Flexner s association with reform in medical education Bonner s labors have produced a critical insightful portrait of Flexner as a brilliant tireless extraordinarily persuasive visionary In addition to detailed portraits of the man at the vortex of swiftly moving scientific educational and philanthropic currents in higher education in the United States Bonner also provides an account of Flexner s personal life Iconoclast offers a learned portrait of the distance traveled in medical education during the past 100 years along with consideration of the curricular and pedagogical problems that persist Delese Wear New England Journal of Medicine Bonner s great achievement in this scholarly and captivating book is to model Flexner s critical appraisal skills in writing about him Even Flexner himself lacked critical awareness in his autobiography Bonner on the other hand offers a gentle and thoughtful appraisal The elements that contribute to Flexner s greatness perseverance vision clear thinking and fair mindedness are all balanced with his weaknesses an obstinate unwillingness to retract and clouded political insight Bonner dissects Flexner s contribution with meticulous scholarship avoiding all cheap adulation or debunking This is an outstanding book Ed Peile British Medical Journal The book offers historical insights about philanthropy educational reform and institutional governance and decision making In Bonner s capable hands Flexner emerges an interesting figure whose successes are combined with contradictions and shortcomings Amy E Wells Academe An outstanding and thorough study of this remarkable American educator who more than anyone before or since defined what a medical school should be left indelible marks on

public education and founded one of the most innovative centers of advanced study in the world Bonner adroitly portrays in this masterful biography what America and the world owes to Flexner for his vision creativity tenacity and advocacy of progressive education John S Haller Jr Journal of American History Few nonphysicians have had as profound and long lasting an effect on modern American medicine as Abraham Flexner An excellent book about a highly significant and neglected figure Janet A Tighe Ph D JAMA Journal of the American Medical Association Not only fills a major void but also provides an important evaluation of an individual whose contributions to education and a variety of social problems have generally been overlooked Bonner s biography restores Flexner to the position of importance that he merits This biography is a major addition to American historiography Gerald N Grob Journal of the History of Medicine and Allied Sciences Excellent Deeply researched carefully presented This thorough creative biography adjusts our view of this powerful man so engaged in an astounding array of twentieth century educational developments Linda Eisenmann H Net Thanks to Thomas Bonner s Iconoclast we finally have the biography Flexner deserves and readers seek John R Thelin Journal of Higher Education If you want to know why more than half of the Nobel Prizes in medicine and science since 1945 have gone to Americans you must read Thomas Bonner s book Abraham Flexner was the architect of a revolution in medical education in the United States that explains how this country became the medical mecca of the world Bonner brings Flexner s remarkable story to life with clarity sympathy and verve James H Jones author of Bad Blood and Alfred C Kinsey A Public Private Life At last we have a life of one of the most powerful shapers of medicine science and higher education This beautifully crafted life of Flexner will rescue a giant of his times from fragmentation and sometimes misunderstanding Bonner has written not only a very important book but a deeply thoughtful and searching interrogation of recurrent social and moral problems that take on life and meaning in a concrete historical setting John C Burnham Ohio State University Abraham Flexner was one of the great innovators in education of the twentieth century Thomas N Bonner a distinguished historian as well as an educator manager is the biographer Flexner deserves Daniel M Fox President Milbank Memorial Fund Perspectives in Biology and Medicine This biography is a solid well researched study of a towering figure in American biomedical research Darwin Stapleton Rockefeller Archive Center This is a brilliant beautifully crafted and much needed biography of one of the legendary figures in American medicine and higher education Once again Thomas Bonner has shown that he is one of the great medical historians of our time Kenneth M Ludmerer Washington University Though Abraham Flexner wrote an autobiography until now we have had no comprehensive biography Fortunately Thomas Bonner has filled that gap with Iconoclast As a former university president with significant experience working with donors Bonner is well qualified to understand his subject Martin Morse Wooster Philanthropy As Thomas Bonner relates in his excellent biography Abraham Flexner initiated several significant developments in American secondary and higher education over some three quarters of a century David Mitch History of Education Quarterly Iconoclast captures the boldness as well as the sweeping impact of Flexner s work in the field

of American education in the first half of the twentieth century Adam R Nelson *Paedagogica Historica* *The 5-year Outlook on Science and Technology*, 1981 ,1981 **Memorandum** Rand Corporation,1966 **Federal Register** ,2001 **Energy Research Abstracts** ,1988 *Enhancing the Vitality of the National Institutes of Health* National Research Council,Institute of Medicine,Board on Health Sciences Policy,Division on Earth and Life Studies,Board on Life Sciences,Committee on the Organizational Structure of the National Institutes of Health,2003-08-29 The report says that important organizational changes are needed at the National Institutes of Health to ensure the agency meets future challenges effectively In particular the report advises NIH to devote additional resources to innovative interdisciplinary research that reflects its strategic objectives and cuts across all agency s institutes and centers The report recommends that Congress should establish a formal process for determining how specific proposals for changes in the number of NIH agencies and centers should be addressed **The Biology and Technology of Intelligent Autonomous Agents** Luc Steels,2012-12-06 The NATO sponsored Advanced Study Institute The Biology and Tech nology of Intelligent Autonomous Agents was an extraordinary event For two weeks it brought together the leading proponents of the new behavior oriented approach to Artificial Intelligence in Castel Ivano near Trento The goal of the meeting was to establish a solid scientific and technological foun dation for the field of intelligent autonomous agents with a bias towards the new methodologies and techniques that have recently been developed in Ar tificial Intelligence under the strong influence of biology Major themes of the conference were bottom up AI research artificial life neural networks and techniques of emergent functionality The meeting was such an extraordinary event because it not only featured very high quality lectures on autonomous agents and the various fields feeding it but also robot laboratories which were set up by the MIT AI laboratory with a lab led by Rodney Brooks and the VUB AI laboratory with labs led by Tim Smithers and Luc Steels This way the participants could also gain practical experience and discuss in concreto what the difficulties and achievements were of different approaches In fact the meeting has been such a success that a follow up meeting is planned for September 1995 in Monte Verita Switzerland This meeting is organised by Rolf Pfeifer University of Zurich **Research Memorandum** ,1947 Monthly Catalogue, United States Public Documents ,1979 Monthly Catalog of United States Government Publications United States.
