Ukraine Investment and Business Guide Volume 1 Strategic and Practical Information Inc Ibp, 2015-06-22 Ukraine Investment and Business Guide Volume 1 Strategic and Practical Information *Lemon-Aid Used Cars and Trucks 2012-2013* Phil Edmonston, 2012-05-19 Lemon Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car and truck books on the market U S automakers are suddenly awash in profits and South Koreans and Europeans have gained market shares while Honda Nissan and Toyota have curtailed production following the 2011 tsunami in Japan Shortages of Japanese new cars and supplier disruptions will likely push used car prices through the roof well into 2012 so what should a savvy buyer do The all new Lemon Aid Used Cars and Trucks 2012 2013 has the answers including More vehicles rated with some redesigned models that don't perform as well as previous iterations downrated More roof crash worthiness ratings along with an expanded cross border shopping guide A revised summary of safety and performance related defects that are likely to affect rated models More helpful websites listed in the appendix as well as an updated list of the best and worst beaters on the market More secret warranties taken from automaker internal service bulletins and memos than ever Organizing Global Technology Flows Pierre-Yves Donzé, Shigehiro Nishimura, 2013-11-12 Research on the international transfer of technology in economics and management literature has primarily focused on the role of countries and that of companies in particular multinational enterprises MNEs Similarly economic and business historians have tended to view international technology transfer as a way for economically backward countries to acquire new technologies in order to catch up with more developed economies This volume provides a more in depth understanding of how the international transfer of technologies is organized and in particular challenges the core periphery model that is still dominant in the extant literature By looking beyond national systems of innovation and statistics on foreign trade patent registration and foreign direct investment the book sheds more light on the variety of actors involved in the transfer process including engineers entrepreneurs governments public bodies firms etc and on how they make use of a broad set of national and international institutions facilitating technology transfer Put differently the volume offers a better understanding of the complexity of global technology flows by examining the role and actions of the different actors involved By bringing together a number of original case studies covering many different countries over the period from the late 19th to the 21st century the

book demonstrates how technology is being transferred through complex processes involving a variety of actors from several countries using the national and international institutional frameworks
