Sports Volunteers Around the Globe Kirstin Hallmann,Sheranne Fairley,2019-01-30 This book provides an overview of perspectives and approaches to the cultural meaning of sport volunteering in different countries The main objective is to reflect on the diversity of meanings with regard to volunteering in different cultures and societies Additionally this book will shed light on volunteering practices and the impact of volunteering from both an economic and a sociological perspective The book begins with an introductory section that gives an overview of the rationale of the text and the diversity of sport volunteers in general From there the book's 25 chapters each discuss a specific country case study provided by researchers from the respective country These studies provide a comprehensive overview of volunteering in each country such as motivations of volunteers satisfaction of volunteers their perceived cost and benefits and many other areas related to the overall study By having twenty five different countries represented and a native of each country authoring the respective chapters this book serves as a comprehensive and diverse review of sports volunteering around the world and can be incorporated into courses in economics particularly

those dealing with sports economics and can also be used as a reference for volunteer organizations and sports economists worldwide The International Business Environment Leslie Hamilton, Philip Webster, 2018 The most multi perspective succinct and applied guide to international business environments Federal Register ,2012-07 Making College Work Harry J. Holzer, Sandy Baum, 2017-08-15 Practical solutions for improving higher education opportunities for disadvantaged students Too many disadvantaged college students in America do not complete their coursework or receive any college credential while others earn degrees or certificates with little labor market value Large numbers of these students also struggle to pay for college and some incur debts that they have difficulty repaying The authors provide a new review of the causes of these problems and offer promising policy solutions The circumstances affecting disadvantaged students stem both from issues on the individual side such as weak academic preparation and financial pressures and from institutional failures Low income students disproportionately attend schools that are underfunded and have weak performance incentives contributing to unsatisfactory outcomes for many students Some solutions including better financial aid or academic supports target individual students Other solutions such as stronger linkages between coursework and the labor market and more structured paths through the curriculum are aimed at institutional reforms All students and particularly those from disadvantaged backgrounds also need better and varied pathways both to college and directly to the job market beginning in high school We can improve college outcomes but must also acknowledge that we must make hard choices and face difficult tradeoffs in the process While no single policy is guaranteed to greatly improve college and career outcomes implementing a number of evidence based policies and programs together has the potential to improve these outcomes substantially
