Education ,1998 **African American Doctors of World War I** W. Douglas Fisher, Joann H. Buckley, 2015-11-27 In World War I 104 African American doctors joined the United States Army to care for the 40 000 men of the 92nd and 93rd Divisions the Army's only black combat units The infantry regiments of the 93rd arrived first and were turned over to the French to fill gaps in their decimated lines The 92nd Division came later and fought alongside other American units Some of those doctors rose to prominence others died young or later succumbed to the economic and social challenges of the times Beginning with their assignment to the Medical Officers Training Camp Colored the only one in U S history this book covers the early years education and war experiences of these physicians as well as their careers in the black communities of early 20th century America

Saving Congress from Itself James L Buckley, 2014-12-09 Saving Congress from Itself proposes a single reform eliminate all federal grants in aid to state and local governments This action would reduce federal spending by over 600 billion a year and have a profound effect on how we govern ourselves The proliferation of federal grants in aid programs is of recent vintage only about 100 such grants existed before Lyndon Johnson took office and now they number more than 1 100 Eliminating grants to the states will result in enormous savings in federal and state administrative costs free states to set their own priorities and improve the design and implementation of programs now subsidized by Washington by eliminating federal regulations that attend the grants In short it will free states and their subdivisions to resume full responsibility for all activities that fall within their competence such as education welfare and highway construction and maintenance And because members of Congress spend major portions of their time creating grants and allocating funds assigned to them think earmarks eliminating grants will enable Congress to devote its time to responsibilities that are uniquely national in character
