Adorno, Foucault and the Critique of the West Deborah Cook, 2018-11-27 The alliance of critical theory between Frankfurt and Paris Adorno Foucault and the Critique of the West argues that critical theory continues to offer valuable resources for critique and contestation during this turbulent period To assess these resources it examines the work of two of the twentieth century s more prominent social theorists Theodor W Adorno and Michel Foucault Although Adorno was situated squarely in the Marxist tradition that Foucault would occasionally challenge Deborah Cook demonstrates that their critiques of our current predicament are complementary in important respects Among other things these critiques converge in their focus on the historical conditions economic in Adorno and political in Foucault that gave rise to the racist and authoritarian tendencies that continue to blight the West Cook also shows that when Adorno and Foucault plumb the economic and political forces that have shaped our identities they offer remarkably similar answers to the perennial question What is to be done

Reference and Information Services Kay Ann Cassell ,Uma Hiremath, 2019-01-04 Designed to complement every introductory library reference course this is the perfect text for students and librarians looking to expand their personal reference knowledge teaching failsafe methods for identifying important materials by matching specific types of questions to the best available sources regardless of format Guided by a national advisory board of educators and practitioners this thoroughly updated text expertly keeps up with new technologies and practices while remaining grounded in the basics of reference work Chapters on fundamental concepts major reference sources and special topics provide a solid foundation the text also offers fresh insight on core issues including ethics readers advisory information literacy and other key aspects of reference librarianship selecting and evaluating reference materials with strategies for keeping up to date assessing and improving reference services guidance on conducting reference interviews with a range of different library users including children and young adults a new discussion of reference as programming important special reference topics such as Google search 24 7 reference and virtual reference

and delivering reference services across multiple platforms As librarians experience a changing climate for all information services professionals in this book Cassell and Hiremath provide the tools needed to manage the ebb and flow of changing reference services in today's libraries *Commerce, Justice, Science, and Related Agencies Appropriations for 2016* United States. Congress. House. Committee on Appropriations. Subcommittee on Commerce, Justice, Science, and Related Agencies, 2015 The Protection of Geographical Indications in China Xinzhe Song, 2021-11-23 For some time now there has been conflict concerning the role in the global marketplace of certain agricultural or handcrafted products of specific geographical origin whether they should come under trademark law as favoured by common law countries such as the United States or under the geographical indications GI system developed in France and subsequently promoted by the European Union EU At this moment China is in the eye of the storm Taking fully into account the legislative and judicial gaps in China's compromised embrace of the GI concept this book shows how the Chinese case brings to prominence fundamental issues relating to the functional dissimilarity between trademarks and GIs the treatment of the terroir concept the role of GIs in rural development and the challenges of adopting the French and European model in other countries especially in East Asia Providing detailed information on how GIs are registered protected and managed in China France and the EU the book includes such practical analysis as the following comparison between the Chinese and European GI systems to highlight differences in essential elements for GI registration and protection mistakes and errors arising from forcing the GI function into trademark law the increasingly larger scope of EU GI protection protection of collective marks containing GIs and the extension of GI protection to handicrafts who is responsible for the protection of each registered name and who can sue for infringement and legislative options for future GI protection in China Recognizing not only that GIs protect consumers against fraud and producers against unfair competition but also that the goals include the preservation of rural development cultural heritage and traditional knowledge as well as environmental and ecological protection this book provides a comprehensive reference on legal tools available for policymakers legal practitioners researchers and local producers concerned with GI or trademark issues in China France or the EU It will prove greatly helpful to corporate lawyers filing international registration applications and taking legal action It will also be of inestimable value to officials in a variety of countries that are considering developing or improving systems to enhance the value of terroir products and to academics interested in intellectual property law trademark law agriculture policy GI legislation or World Trade Organization WTO rules
