The Campus Rape Frenzy KC Johnson, Stuart Taylor, Jr., 2018-05-22 In recent years politicians led by President Obama and prominent senators and governors have teamed with extremists on campus to portray our nation s institutions of higher learning as awash in a violent crime wave and to suggest preposterously that university leaders professors and students are indifferent to female sexual assault victims in their midst Neither of these claims has any bearing to reality But they have

achieved widespread acceptance thanks in part to misleading alarms from the Obama administration and biased media coverage led by The New York Times The frenzy about campus rape has helped stimulate and has been fanned by ideologically skewed campus sexual assault policies and lawless commands issued by federal bureaucrats to force the nation's all too compliant colleges and universities essentially to presume the guilt of accused students The result has been a widespread disregard of such bedrock American principles as the presumption of innocence and the need for fair play This book uses hard facts to set the record straight It explores among other things nearly two dozen of the cases since 2010 in which students who in all likelihood would have or have subsequently been found not guilty in a court of law have in a lopsided process been hastily and carelessly branded as sex criminals and expelled or otherwise punished by their colleges often after being tarred and feathered by their fellow students And it shows why all students and eventually society as a whole are harmed when our nation's universities abandon pursuit of truth and seek instead to accommodate the passions of the mob As detailed in the new Epilogue some encouraging events have transpired since this book was first published in October 2016 A majority of the judicial rulings in dozens of lawsuits by male students claiming their schools treated them unfairly and discriminated against them based on their gender have rebuked the schools for their handling of these cases And Education Secretary Betsy DeVos called for fairness to accused students and accusers alike revoked most of the guilt presuming Obama era policies and began a protracted rule making process designed to compel procedural fairness and nondiscrimination

Advances in Design, Music and Arts Daniel Raposo, João Neves, José Silva, Luísa Correia Castilho, Rui Dias, 2020-09-11 This book presents the outcomes of recent endeavors that will contribute to significant advances in the areas of communication design fashion design interior design and product design music and musicology as well as overlapping areas Gathering the proceedings of the 7th EIMAD conference held on May 14 15 2020 and organized by the School of Applied Arts Campus da Talagueira in Castelo Branco Portugal it proposes new theoretical perspectives and practical research directions in design and music while also discussing teaching practices and some areas of intersection It addresses strategies for communication and culture in a global digital world that take into account key individual and societal needs

Homosexuality FAQs - A Christian Perspective eBook Daniel Lim & Ian Toh, 2022-07-22

Homosexuality is not a recent phenomenon or a newly emerged issue It exists since the ancient time despite the suppression by tradition and culture It started to surface in recent years as technology and media have developed in racing speed The society has become more open and acceptive to the topic people started to reflect on the traditional thinking on human relationship voices and discussions regarding homosexuality are getting common The word homosexuality which merely means same sex relationship in the past has evolved to LGBTQ which covers Lesbians Gays Bisexuals Transgenders and Queers nowadays Although there are more discussions do we truly understand LGBTQ How should we discern the right and wrong From Christian perspective how should we see it and live with its community Does the Bible provide us the answer In the

past when religions are confronted by issues of homosexuality and LGBTQ they would quickly jump into a conclusion such as sin against the nature promiscuity unclean etc On one hand religious communities subconsciously hold different attitudes and mindsets toward LGBTQ community on the other hand media coverage and celebrity influence exalt the revolution and advocacy of LGBTQ so that people or religious bodies who hold different point of views may be labeled as conservative old fashioned traditional conventional etc Over time a gap has formed between LGBTQ and religious communities Nevertheless before we decide between the right and wrong or give people a label of unrighteousness could we jump out of the endless quarrel opposition or criticism Could we adjust our perspective to understand to observe and to contemplate the matter so that we can better serve this community and walk with them with the love of Christ while we hold on to the law and principle of God Homosexuality FAQs A Christian Perspective is a wonderful guide for Churches It helps readers to understand the issue more comprehensively find out the viewpoints of the Bible and learn how to reach out and serve LGBTQ community This book clears doubts and confusions on LGBTQ through 10 questions in the first section It tries to rebut general arguments from objective and scientific perspective In the second section it discusses LGBTQ from biblical perspective through 16 questions Lastly the editors laid out 6 questions to discuss the relation between Christians and the society on LGBTQ issue Each answer begins with quick response to give readers the key concept then followed by elaboration and more supplementary information This structure is clear and easy to follow What I appreciate the most is that it does not merely lay out a pile of data and evidence but also shares ministry tips at the end of some answers so that readers can break through the frame of merely knowledge thinking and critique and more important they can learn how to bridge the gap between the LGBTQ and us counsel and serve LGBTQ community Whether you want to know more the issue or feel the burden to serve the LGBTQ community this book is worth to read Bishop Dr Titus Chung Anglican Diocese of Singapore President National Council of Churches of Singapore [Vault Guide to the Top 50 Management and Strategy Consulting Firms, 2014 Edition](#) VAULT, [The New Communism](#) Bob Avakian, 2016-10-15 Nominee 2017 American Book Fest Best Book Awards For anyone who cares about the state of the world and the condition of humanity and agonizes over whether fundamental change is really possible this landmark work provides a sweeping and comprehensive orientation foundation and guide to making the most radical of revolutions a communist revolution aimed at emancipating humanity getting beyond all forms of oppression and exploitation on a world scale The author Bob Avakian is the architect of a new synthesis of communism This new synthesis is a continuation of but also represents a qualitative leap beyond and in some important ways a break with communist theory as it had been previously developed Avakian has written this book in such a way as to make even complex theory accessible to a broad audience In this book he draws on his decades of work advancing the science of communism and his experience as a revolutionary communist leader including leading the Revolutionary Communist Party USA as its Chairman since its founding in 1975 This is a pathbreaking work one that scientifically analyzes the system of capitalism

imperialism and its unresolvable contradictions confronts the challenges facing the movement for revolution and forges a way forward to making an actual revolution in this country as part of contributing to communist revolution internationally
