Kennedy Withdrawal Marc J. Selverstone,2022-11-15 In October 1963 President Kennedy proposed withdrawing from Vietnam gaining him a durable reputation as a skeptic on the war However drawing on secret White House tapes Marc Selverstone reveals that JFK never had a firm intention to withdraw The real value of the proposal lay in obtaining political cover for his open ended Vietnam policy **Masters of the Air** Donald L. Miller,2006-10-10 The inspiration for the major Apple TV series streaming now The riveting history of the American Eighth Air Force in World War II and the young men who flew the bombers that helped beat the Nazis and liberate Europe brilliantly told by historian and World War II expert Donald L. Miller The Masters of the Air streaming series stars Austin Butler and Callum Turner and is produced by Tom Hanks and Steven Spielberg the legendary duo behind Band of Brothers and The Pacific Masters of the Air is the deeply personal story of the American bomber boys in World War II who brought the war to Hitler s doorstep With the narrative power of fiction Donald Miller takes you on a harrowing ride through the fire filled skies over Berlin Hanover and Dresden and describes the terrible cost of bombing for the German people Masters of the Air is the deeply personal story of the American bomber boys in World War II who brought the war to Hitler s doorstep With the narrative power of fiction Donald Miller takes you on a harrowing ride through the fire filled skies over Berlin Hanover and Dresden and describes the terrible cost of bombing for the German people Fighting at 25 000 feet in thin freezing air that no warriors had ever encountered before bomber crews battled new kinds of assaults on body and mind Air combat was deadly but intermittent periods of inactivity and anxiety were followed by short bursts of fire and fear Unlike infantrymen bomber boys slept on clean sheets drank beer in local pubs and danced to the swing music of Glenn Miller s Air Force band which toured US air bases in England But they had a much greater chance of dying than ground soldiers The bomber crews were an elite group of warriors who were a microcosm of America white America anyway The actor Jimmy Stewart was a bomber boy and so was the King of Hollywood Clark Gable And the air war was filmed by Oscar winning director William Wyler and covered by reporters like Andy Rooney and Walter Cronkite all of whom flew combat missions with the men The Anglo American bombing campaign against Nazi Germany was

the longest military campaign of World War II a war within a war Until Allied soldiers crossed into Germany in the final months of the war it was the only battle fought inside the German homeland Masters of the Air is a stunning achievement David McCullough a fresh new account Walter Boyne former director of the Smithsonian Air and Space Museum of life in wartime England and in the German prison camps where tens of thousands of airmen spent part of the war It ends with a vivid description of the grisly hunger marches captured airmen were forced to make near the end of the war through the country their bombs destroyed Drawn from recent interviews oral histories and American British German and other archives Masters of the Air is an authoritative deeply moving account that accurately and comprehensively Lt Gen Bernard E Trainor USMC Ret and coauthor of Cobra II tells of the world's first and only bomber war The American Nuclear Disarmament Dilemma, 1945-1963 David Tal, 2008-09-25 the atomic bombs dropped on Hiroshima and Nagasaki in 1945 quickly ushered in a popular and political movement toward nuclear disarmament Across the globe heads of state high ranking ministers and bureaucrats led intense efforts to achieve effective disarmament agreements Ultimately these efforts failed In The American Nuclear Disarmament Dilemma David Tal offers a detailed analysis of U S policy from 1945 to the summer of 1963 exploring the reasons for failure and revealing the complex motivations that eventually led to the Limited Test Ban Treaty While previous books have focused on the policies of specific administrations Tal's is the first to consider negotiations as an evolving phenomenon that preoccupied three presidents from Truman to Kennedy Drawing on extensive archival research the author examines the profound dilemma faced by leaders on all sides forced by political pressure to engage in negotiations whose success they saw as injurious to national interests Far from believing that the nuclear arms race would inevitably lead to war the United States regarded nuclear weapons as the greatest guarantee that war would not happen Jacqueline Kennedy Barbara Ann Perry, 2004 Noting how Jackie's celebrity and devotion to privacy have for years precluded a more serious treatment Perry's story illuminates Kennedy's immeasurable impact on the institution of the first lady Perry illustrates the complexities of Jacqueline Bouvier's marriage to John F Kennedy and shows how she transformed herself from a reluctant political wife to an effective confident presidential partner Perry is especially illuminating in tracing the first lady's mastery of political symbolism and imagery along with her use of television and state entertainment to disseminate her work to a global audience Leaders and Their Followers in a Dangerous World Jerrold M. Post, 2004 Post is a pioneer in the field of political personality profiling He may be the only psychiatrist who has specialized in the self-esteem problems of both Osama bin Laden and Saddam Hussein The New Yorker Policy specialists and academic scholars have long agreed that for U S leaders to deal effectively with other actors in the international arena they need images of their adversaries Leaders must try to see events and indeed their own behavior from the perspective of opponents Faulty images are a source of misperceptions and miscalculations that have often led to major errors in policy avoidable catastrophes and missed opportunities History supplies all too many examples from the Foreword What impels leaders to lead and followers to follow

How did Osama bin Laden the son of a multibillionaire construction magnate in Saudi Arabia become the world's number one terrorist? What are the psychological foundations of man's inhumanity to man, ethnic cleansing and genocide? Jerrold M. Post contends that such questions can be answered only through an understanding of the psychological foundations of leader personality and political behavior. Post was founding director of the Center for the Analysis of Personality and Political Behavior for the CIA. He developed the political personality profiles of Menachem Begin and Anwar Sadat for President Jimmy Carter's use at the Camp David talks and initiated the U.S. government's research program on the psychology of political terrorism. He was awarded the Intelligence Medal of Merit in 1979 for his leadership of the center. In this book, he draws on psychological and personality theories as well as interviews with individual terrorists and those who have interacted with particular leaders to discuss a range of issues: the effects of illness and age on a leader's political behavior; narcissism and the relationship between followers and a charismatic leader; the impact of crisis-induced stress on policymakers; the mind of the terrorist with a consideration of killing in the name of God and the need for enemies; and the rise of ethnic conflict and terrorism in the post-Cold War environment. The leaders he discusses include Fidel Castro, Osama bin Laden, Saddam Hussein, Kim Jong Il, and Slobodan Milosevic. [The Assassination of John F. Kennedy](#) Patricia M. Stockland, 2008. Discusses the events that led up to the assassination of President John F. Kennedy in 1963. ***Manhood and American Political Culture in the Cold War*** K.A. Cuordileone, 2012-11-12. *Manhood and American Political Culture in the Cold War* explores the meaning of anxiety as expressed through the political and cultural language of the early cold war era. Cuordileone shows how the preoccupation with the soft malleable American character reflected not only anti-Communism but acute anxieties about manhood and sexuality. Reading major figures like Arthur Schlesinger Jr., Adlai Stevenson, Joseph McCarthy, Norman Mailer, JFK, and many lesser-known public figures, Cuordileone reveals how the era's cult of toughness shaped the political dynamics of the time and inspired a reinvention of the liberal as a cold warrior. **The Cuba Project** Peter Pavia, 2025-09-23. A sexy shoot-em-up telling of the CIA and FBI's attempts to take control of Castro's Cuba before and during the Kennedy administration. Pavia's colorful account reveals high-stakes bumbling and wishful thinking on the part of U.S. intelligence and diplomatic officials. The story features a bold cast of characters: Casino owners washed up, oddities like actor Errol Flynn, mob boss Santo Trafficante, and a covert band of ex-cons dubbed the Doughnut Army converge with countless agents trying to keep a lid on the tinderbox of revolutionary Cuba and Cuban Miami. The book is based on extensive interviews with the American Cold Warriors who lived and breathed The Cuba Project. [The Making of a Catholic President](#) Shaun Casey, 2009-01-23. The 1960 presidential election won ultimately by John F. Kennedy was one of the closest and most contentious in American history. The country had never elected a Roman Catholic president. In *The Making of a Catholic President*, Shaun Casey tells the fascinating story of how the Kennedy campaign transformed the religion question from a liability into an asset, making him the first and still only Catholic president.
