Analysing Police Interviews Laughter Confessions And The Tape Elisabeth Carter:

Analysing Police Interviews Elisabeth Carter, 2011-12-01 **Children in Police Custody** Miranda Bevan, 2024-01-04

Drawing on the first comprehensive study in England and Wales to review the police custody process from the perspective of children Bevan traces the child's journey from arrest through detention and interview to release or remand. A rights-based approach is used to evaluate the effectiveness of the protection under the present legal framework. **The Discourse of**

Police Interviews Marianne Mason, Frances Rock, 2020-04-07 Forensic linguistics or the study of language and the law is a growing field of scholarly and public interest with an established research presence. The Discourse of Police Interviews aims to further the discussion by analyzing how police interviews are constructed and used to investigate and prosecute crimes. The first book to focus exclusively on the discourses of police interviewing, The Discourse of Police Interviews examines leading debates, approaches and topics in contemporary police interview research. Among other topics, the book explores the sociolegal, psychological and discursive framework of popular police interview techniques employed in the United States and the United Kingdom such as PEACE and Reid and the discursive practices of institutional representatives like police officers and interpreters that can influence the construction and quality of linguistic evidence. Together, the contributions situate the police interview as part of a complex and multistage criminal justice process. The book will be of interest to both scholars and practitioners in a variety of fields such as linguistic anthropology, interpreting studies, criminology, law and sociology.

Discursive Constructions of Consent in the Legal Process Susan Ehrlich, Diana Eades, Janet Ainsworth, 2016-01-04

As a linguistically grounded critical examination of consent, this volume views consent not as an individual mental state or act but as a process that is interactionally and discursively situated. It highlights the ways in which legal consent is often fictional at best due to the impoverished view of meaning and the linguistic ideologies that typically inform interpretations and representations in the legal system. The authors are experts in linguistics and law who use diverse theoretical and analytical approaches to examine the complex ways in which language is used to seek, negotiate, give or withhold consent in a range of legal contexts. Authors draw on case studies or larger research corpora or a wider sociolegal approach in investigations of police-citizen interactions in the street, police interviews with suspects, police call handlers, rape and abduction trials, interactions with lay litigants in a multilingual small claims court, a restorative justice sentencing scheme for young offenders, biomedical research and legal disputes over contracts. **Handbook of Pragmatics** Jef Verschueren, Jan-Ola

Östman, 2022-08-15 The Manual section of the Handbook of Pragmatics produced under the auspices of the International Pragmatics Association (IPrA) is a collection of articles describing traditions, methods and notational systems relevant to the field of linguistic pragmatics. The main body of the Handbook contains all topical articles. The first edition of the Manual was published in 1995. This second edition includes a large number of new traditions and methods articles from the 24 annual installments of the Handbook that have been published so far. It also includes revised versions of some of the entries in the

first edition In addition a cumulative index provides cross references to related topical entries in the annual installments of the Handbook and the Handbook of Pragmatics Online at <https://benjamins.com/online/hop> which continues to be updated and expanded This second edition of the Manual is intended to facilitate access to the most comprehensive resource available today for any scholar interested in pragmatics as defined by the International Pragmatics Association the science of language use in its widest interdisciplinary sense as a functional i e cognitive social and cultural perspective on language and communication

Communication in Investigative and Legal Contexts Gavin Oxburgh, Trond Myklebust, Tim Grant, Rebecca Milne, 2015-09-29 Communication in Forensic Contexts provides in depth coverage of the complex area of communication in forensic situations Drawing on expertise from forensic psychology linguistics and law enforcement worldwide the text bridges the gap between these fields in a definitive guide to best practice Offers best practice for understanding and improving communication in forensic contexts including interviewing of victims witnesses and suspects discourse in courtrooms and discourse via interpreters Bridges the knowledge gaps between forensic psychology forensic linguistics and law enforcement with chapters written by teams bringing together expertise from each field Published in collaboration with the International Investigative Interviewing Research Group dedicated to furthering evidence based practice and practice based research amongst researchers and practitioners International cross disciplinary team includes contributors from North America Europe and Asia Pacific and from psychology linguistics and forensic practice

Encyclopedia of Deception Timothy R. Levine, 2014-02-20 The Encyclopedia of Deception examines lying from multiple perspectives drawn from the disciplines of social psychology sociology history business political science cultural anthropology moral philosophy theology law family studies evolutionary biology philosophy and more From the little white lie to lying on a resume to the grandiose lies of presidents this two volume reference explores the phenomenon of lying in a multidisciplinary context to elucidate this common aspect of our daily lives Not only a cultural phenomenon historically lying is a frequent occurrence in our everyday lives Research shows that we are likely to lie or intentionally deceive others several times a day or in one out of every four conversations that lasts more than 10 minutes Key Features More than 360 authored by key figures in the field are organized A to Z in two volumes which are available in both print and electronic formats Entries are written in a clear and accessible style that invites readers to explore and reflect on the use of lying and self deception Each article concludes with cross references to related entries and further readings This academic multi author reference work will serve as a general non technical resource for students and researchers within social and behavioral science programs who seek to better understand the historical role of lying and how it is employed in modern society

Pragmatics of Discourse Klaus P. Schneider, Anne Barron, 2014-06-18 Discourse is language as it occurs in any form or context beyond the speech act It may be written or spoken monological or dialogical but there is always a communicative aim or purpose The present volume provides systematic orientation in the vast field of studying discourse from a pragmatic

perspective It first gives an overview of a range of approaches developed for the analysis of discourse including among others conversation analysis systemic functional analysis genre analysis critical discourse analysis corpus driven approaches and multimodal analysis The focus is furthermore on functional units in discourse such as discourse markers moves speech act sequences discourse phases and silence The final section of the volume examines discourse types and domains providing a taxonomy of discourse types and focusing on a range of discourse domains e g classroom discourse medical discourse legal discourse electronic discourse Each article surveys the current state of the art of the respective topic area while also presenting new research findings

How the Police Generate False Confessions James L. Trainum, 2016-07-15 Despite the rising number of confirmed false confession cases most people have a hard time grasping why someone would confess to a crime they did not commit or even why a guilty person would admit to something that could put them in jail for life *How the Police Generate False Confessions* takes you inside the interrogation room exposing the tactics that law enforcement uses to make confessions happen James L Trainum reveals how innocent people can become suspects and then confessed criminals even when they have not committed a crime Using real stories he looks at the inherent coerciveness of the interrogation process and why so many false confessions contain so many of the details that only the true perpetrator would know More disturbingly the book examines how these same processes corrupt witness and victim statements create lying informants and cooperators and induce innocent people to plead guilty Trainum also offers recommendations for change in the U S by looking at how other countries are changing the process to prevent such miscarriages of justice The reasons that people falsely confess can be complex and varied throughout *How the Police Generate False Confessions* Trainum encourages readers to critically evaluate confessions on their own by gaining a better understanding of the interrogation process

The Dynamics of Interactional Humor Villy Tsakona, Jan Chovanec, 2018-01-05 This book deals with the construction of diverse forms of humor in everyday oral written and mediatized interactions It sheds light on the differences and most importantly the similarities in the production of interactional humor in face to face and various technology mediated forms of communication including scripted and non scripted situations The chapters analyze humor related issues in such genres as spontaneous conversations broadcast dialogues storytelling media blogs bilingual conversations stand up comedy TV documentaries drama series family sitcoms Facebook posts and internet memes The individual authors trace how speakers collaboratively circulate reconstruct and re frame either personal or public accounts of reality aiming among other things to produce and or reproduce humor Rather than being finished products with a single interpretation humorous texts are thus approached as dynamic communicative events that give rise to diverse interpretations and meanings The book draws on a variety of up to date approaches and methodologies and will appeal to scholars in discourse analysis conversation analysis interactional sociolinguistics pragmatics ethnography of communication and social semiotics
