His renowned versatility has helped him to become successful in all forms of the game: tournament play, match play, knockout and rapid play. The Making of India, 1947-2022 Gurucharan Gollerkeri, Renuka Raja Rao, 2024-01-22 India stands as a beacon of hope and resilience in Asia as a thriving democracy, a secular republic and a growing economic power. This book captures the contributions of important people, events and institutions that have shaped India in its 75 years as an independent country. Each entry is a captivating stand-alone story which traces the genesis and importance of the subject's contribution. Sharp insights, analyses and questions of what if pepper the entries, prompting the reader to think deeper. Together they represent the kaleidoscope that is modern India, making up a fascinating mosaic of the myriad influences that have made India a liberal democracy and a plural society. Play 1...d6 Against Everything Erik Zude, Jörg Hickl, 2017-10-01 All the average club player needs is a small and manageable chess opening repertoire. They don't have time and energy to study hundreds of pages of chess opening theory. And why would they? Amateur games are rarely decided in the opening. Understanding structures and finding tactics are much more important. Renowned German chess trainers Erik Zude and Jörg Hickl have created an ideal club player's repertoire for Black. This compact manual presents a set of lines that is conveniently limited in scope yet varied, solid and complete. The core repertoire is based on lines that the authors have successfully played at grand master level for decades: the Antoshin variation of the Philidor Defence against 1 e4 and the Old Indian Defence against 1 d4. There is only a limited number of plans, ideas and structures that you need to learn and very few forcing variations. After an initial phase in which Black may at first sight look slightly passive, you

will develop your position with a sequence of strong standard moves and start your highly effective counterplay Zude and Hickl provide common sense guidance explain all typical characteristics and give practical examples If you have an Elo rating between 1400 and 2200 you don t need to look further because you can Play 1 d6 Against Everything **Chess Life** ,1999
