Spiritually Naturally Healing Dr. Widelynn Cadet Alexis, 2022-11-29 People often get hard on themselves blaming and are unable to forgive themselves for what happened to them how they end up and what they should have done differently With great hope there s healing hope restoration and happiness because God is always there This book will help you be at the spiritual level in your life where God is transforming lifting your hope and raising you to a higher level This book will shed the light on the areas of your spirituality and your natural way to live and grow with Him God is the foundation of your healing to everything as consciousness arises in more recognition to know who God really is and how much He can do in your life As you read this book you will learn to leave all the worries in God s hand and move along the flow at ease

SPIRITUALLY Dr. Widelynn Cadet Alexis, 2024-09-17 Dr Widelynn Cadet Alexis invites readers on a transformative journey that bridges the divine wisdom of the Bible with practical natural approaches to healing Drawing from the King James Version of the scriptures this book profoundly explores how spiritual and natural elements can work harmoniously to restore health and well being Dr Alexis emphasizes that this book is not a substitute for medical advice or treatment but rather a complementary guide to deepening one s spiritual life and enhancing awareness of natural healing methods By incorporating scripture personal insights and reflections the author aims to help readers cultivate a closer relationship with God acknowledging Him as the ultimate source of all healing and strength The book covers many topics including emotional wellness the healing power of nature and the importance of spiritual practices in maintaining health Readers will find encouragement to explore various natural remedies embrace holistic living and develop a deeper understanding of their bodies and emotions **SPIRITUALLY Naturally Healing** is a gentle yet powerful reminder of the interconnectedness of body mind and spirit It is an invaluable resource for anyone seeking to enhance their spiritual journey and well being through faith based insights and natural healing practices

Caring for the Whole Musician: Awareness and Mindfulness Larry Lee Hensel, Alexander Kahn, 2023-05-10 Caring for the Whole Musician brings together insights from two expert musicians and educators to consider the relationship between mental and physical health and artistic practice for musicians Offering a holistic perspective that encompasses the whole being body mind and heart this book provides emerging musicians with tools practices and mindsets to address key challenges throughout their journey The first part Awareness addresses wellness and embodiment in music exploring how our bodies are constructed and how the use of our bodies as instruments affects function Using approaches including Body Mapping and the Alexander Technique this part helps readers discover adverse habits that interfere with natural movement and nurture awareness of the body The second part Mindfulness explores how meditative practice can be incorporated into every stage of concert preparation and embedded within the daily life of the musician Offering mindfulness exercises related to each stage of the music making process these chapters provide strategies for readers to enhance their well being and focus Centered in the understanding of the musician as a whole being this book

provides an essential guide to how practices of awareness and mindfulness can allow musicians to better care for themselves and flourish in their artistic careers

Biopolitics After Neuroscience Jeffrey P. Bishop, M. Therese Lysaught, Andrew A. Michel, 2022-05-19 This book offers a provocative analysis of the neuroscience of morality Written by three leading scholars of science medicine and bioethics it critiques contemporary neuroscientific claims about individual morality and notions of good and evil Winner of a 2021 prize from the Expanded Reason Institute it connects moral philosophy to neoliberal economics and successfully challenges the idea that we can locate morality in the brain Instead of discovering the source of morality in the brain as they claim to do the popularizers of contemporary neuroscience are shown to participate in an understanding of human behavior that serves the vested interests of contemporary political economy Providing evidence that the history of claims about morality and brain function reach back 400 years the authors locate its genesis in the beginnings of modern philosophy science and economics They further map this trajectory through the economic and moral theories of Francis Bacon David Hume Jeremy Bentham John Stuart Mill and the Chicago School of Economics to uncover a pervasive colonial anthropology at play in the neuroscience of morality today The book concludes with a call for a humbler and more constrained neuroscience informed by a more robust human anthropology that embraces the nobility beauty frailties and flaws in being human
