International Bestseller Self Help

John E. Richardson, Joseph D. Burrige

International Bestseller Self Help:

Self Help Success Gabriel Barnes, AI, 2025-02-19 Self Help Success explores the booming self help industry analyzing why some books become bestsellers while others don't. It examines the genre's growth, the readers it attracts, and the market forces at play. The book reveals intriguing facts such as how a book's triumph depends not just on its content but on effectively meeting a societal need and smart marketing. Did you know that publishing infrastructure and promotional strategies also significantly boost a book's chances? This book uniquely uses publishing research and data to understand the industry unlike subjective analyses. Starting with the historical roots of self help and moving to reader psychology, it then dives into publishing acquisitions and marketing. Case studies of both hits and misses offer tangible lessons. Overall, Self Help Success provides a framework for authors, publishers, and readers to understand what makes these books succeed, offering insights into self improvement and business strategies. [The Art of Self-Improvement](#) Anna Katharina

Schaffner, 2021-09-14 A brilliant distillation of the key ideas behind successful self improvement practices throughout history, showing us how they remain relevant today. Self help today is a multi billion dollar global industry, one often seen as a by-product of neoliberalism and capitalism. Far from being a recent phenomenon, however, the practice of self improvement has a long and rich history extending all the way back to ancient China. For millennia, philosophers, sages, and theologians have reflected on the good life and devised strategies on how to achieve it. Focusing on ten core ideas of self improvement that run through the world's advice literature, Anna Katharina Schaffner reveals the ways they have evolved across cultures and historical eras and why they continue to resonate with us today. Reminding us that there is much to learn from looking at time-honed models, Schaffner also examines the ways that self improvement practices provide powerful barometers of the values, anxieties, and aspirations that preoccupy us at particular moments in time and expose basic assumptions about our purpose and nature. **Lodestar** Jim McCann, George S. Everly, 2024-09-24 The book Lodestar explores ten timeless pillars of success, guiding readers through key principles for personal and professional growth.

How To Be Your Own Management Guru Morgen Witzel, 2010-04 How smart a manager are you? How good are you at leveraging your knowledge and skills in order to provide value for your business and your customers? How smart is your management team when it comes to understanding both the fundamentals of business and new trends? How to be your own Management Guru is the perfect answer to those looking to master the fundamentals of managing in the modern world: how to make and implement strategy, how to understand and respond to customer needs, how to manage and get the best out of people, and above all, how to use knowledge. Drawing on both business research and examples of best practice from around the world, past and present, How To Be Your Own Manager Guru will help readers to manage more effectively and to do business the smart way. The book features key areas crucial for management in the twenty-first century, quizzes to test yourself and your businesses, and how to identify what you are doing well, what you are doing less well, and how might you improve. **Transnational Popular**

Psychology and the Global Self-Help Industry Daniel Nehring, Emmanuel Alvarado, Eric C. Hendriks, Dylan

Kerrigan, 2016-04-08 Self help books aim to empower their readers and deliver happiness and personal fulfilment but do they really live up to this This book offers a fresh perspective on self help culture and popular psychology Research on this subject matter has generally focused on the USA and the Global Northwest In contrast this book explores the production circulation and consumption of self help books from an innovative transnational perspective Case studies on Trinidad Mexico the People's Republic of China the UK and the USA explore the roles which self help's therapeutic narratives of self and social relationships play in the contemporary world In this context the book questions the extent to which self help fulfils its promise of individual autonomy and contentment At the same time it addresses debates about contemporary political change under transnational processes of cultural standardization

You Can Create an Exceptional Life Louise Hay, Cheryl Richardson, 2011-09-20 For countless people the words of Louise Hay have served as a beacon leading them out of the darkness of despair and into the light of a better life Cheryl Richardson is one of the many individuals whom Louise has greatly influenced before going on to become a best selling author herself So what happens when these two combine their collective wisdom into one book The result is what you're now holding in your hands As Louise and Cheryl engage in a series of empowering and intimate conversations you'll feel as if you're simultaneously having lunch with your best friends and also attending a master class put on by two leaders of the self empowerment movement As they travel throughout North America and Europe together Louise and Cheryl discuss a wide range of topics including the importance of loving ourselves and our bodies aging consciously bringing true prosperity and abundance to the world manifesting positive relationships both with family and friends and in the workplace and facing death in a dignified and peaceful way These two amazing women are living proof that the spiritual principles they discuss in these pages really work As you read you'll discover that you too have the ability to create an exceptional life

Analysing Media Discourses John E. Richardson, Joseph D. Burridge, 2014-02-25 The continual growth in the significance of mass mediated communication makes it essential that we are able to reflect upon and critically appreciate the semiotic processes that are involved in their impact upon social and cultural life This edited collection showcases a range of diverse approaches to the analysis of various forms of mediated communications including varying degrees of attention to their associated textual discursive and social practices Individual contributions are devoted to exploring in analytical depth multiple dimensions of each of the following media newspaper articles magazines both historical advertising and contemporary editorial discourse television both situation comedy and reality TV programmes books covers and content in two genres political leaflets and a flight simulation computer game The collection will be an important resource for scholars and students within disciplines including communication studies sociology media studies cultural studies discourse studies and journalism studies This book was published as a special issue of *Social Semiotics*

Your Essential Self Richard Harvey, 2013 Helps you learn how to attain the three stages of human awakening the process of self

discovery the transformation into authenticity and the source of consciousness on the inner journey to your true self This guide describes how spiritual attainment is not an unreachable fantasy but a logical extension of human development
