**The Legacy Journey** Dave Ramsey, 2014-10-01 What does the Bible really say about money About wealth How much does God expect you to give to others How does wealth affect your friendships marriage and children How much is enough There's a lot of bad information in our culture today about wealth and the wealthy Worse there's a growing backlash in America against our most

successful citizens but why To many wealth is seen as the natural result of hard work and wise money management To others wealth is viewed as the ultimate inexcusable sin This has left many godly men and women confused about what to do with the resources God s put in their care They were able to build wealth using God s ways of handling money but then they are left feeling guilty about it Is this what God had in mind *Leading Others to Life on Purpose* Irina Ertl,Mindi

How happy would you be if you had all the money in the world The universal lament about money is that there is never enough We spend endless hours obsessing over our budgets and investments trying to figure out ways to stretch every dollar We try to follow the advice of money gurus and financial planners then kick ourselves whenever we spend too much or save too little For all of the stress and effort we put into every choice why are most of us unhappy about our finances According to Laura Vanderkam the key is to change your perspective Instead of looking at money as a scarce resource consider it a tool that you can use creatively to build a better life for yourself and the people you care about For instance the average couple spends 5 000 on engagement and wedding rings making these pricey purchases largely because everyone else does But what if you decided to spend 300 on rings and apply the rest to future date nights weekend getaways and thinking of you bouquets over the next ten years In the long run what would bring more joy to your marriage Likewise will owning a home with a

pristine lawn and a two car garage the American Dream really make you more satisfied Or are you saving up for this investment just because financial planners tell you it s worth it Vanderkam shows how each of us can figure out better ways to use what we have to build the lives we want Drawing on the latest happiness research as well as the stories of dozens of real people Vanderkam offers a contrarian approach that forces us to examine our own beliefs goals and values Among her advice Laugh at the Joneses It s human nature to compare yourself to those around you but you can create lifestyle hat rings you personal satisfaction without copying your neighbors Give yourself the best weekend ever Studies show that experiences often bring more pleasure than material goods With a little planning and creativity you can give yourself a memorable getaway without leaving town or going broke Embrace the selfish joy of giving Giving back not only helps you build karma it also helps you build a community which is much more fulfilling than a tax deduction All the Money in the World is a practical and inspiring guide that shows how money can buy happiness if we spend it wisely
