 Folurunsho MEJABI, 2017-01-01 Wisdom is not a product of schooling but of the lifelong attempt to acquire it Albert Einstein
 was quoted as saying I think the big mistake in schools is trying to teach children anything and by using fear as the basic
 motivation Fear of getting failing grades fear of not staying with your class etc Interest can produce learning on a scale
 compared to fear as a nuclear explosion to a firecracker This book presents a new learning style evident with today's
 students and addresses accounting industry changes as well This textbook is not written as a reference text rather it is
 written in another form where knowledge can be bridged and tested through questions and answers in a multiple choice
 format To gain most from the text we would advise you to read topics relevant to the multiple choices so as to be able to
 attempt the questions raised The answers to the questions are provided towards the back pages of the text The book will not
 in small measure assist students in preparation for their regular academic and professional exams Accounting has evolved
 over the years especially in the areas of Standard setting and adoption of International Financial Reporting Standards around
 the globe The book basically covers introductory parts of basic financial accounting and book keeping It is good starting
