And those who simply love word searches will enjoy a new seamlessly intertwined game and puzzle experience. Here are 60 searches each with 12 theme categories perhaps Book Titles or Terms of Endearment and a letter of the alphabet. Players try to come up with as many answers that start with that letter as they can. Then they look in the grid, see if their answers are there and get points for every one they find. Extra letters in the grid spell out a few more items in one of the categories. Those in need of a little help can find word lists in the back to guide them.
