A Guide to the ICDR International Arbitration Rules Martin F. Gusy, James M. Hosking, Franz T. Schwarz, 2011-04-07
A rule by rule commentary on the genesis interpretation and application of the International Centre for Dispute Resolution ICDR Rules The book is designed to give arbitrators practitioners and academics a first port of call when considering ICDR arbitration and provide the first stand alone comprehensive commentary on these important rules **A Guide to the UNCITRAL Arbitration Rules** Clyde Croft, Clyde E. Croft, Christopher Kee, Jeff Waincymer, 2013-04-25 Observer delegates to the UNCITRAL Working Group charged with conducting revisions provide insights and commentary on the process and results **A Guide to General Principles of Law in International Investment Arbitration** Patrick Dumberry, 2020-04-20 In recent years there has been a noticeable increase in references by investor State arbitral tribunals to general principles of law as a source of law however these references have rarely been accompanied by detailed explanation This book aims to provide the actors involved in investor State arbitration with a set of comprehensive guidelines to better understand the nature meaning and function of general principles of law in the field of international investment law Applying these principles to practice the book assesses seventeen concepts and notions in the field of investment arbitration to provide counsel and arbitrators with clear guidance on what should and should not be considered a general principle of law **A Comparative Guide to the Asian Infrastructure Investment Bank** Natalie Lichtenstein, Former Inaugural General Counsel Asian Infrastructure Investment Bank Natalie Lichtenstein, 2025-11-19 A Comparative Guide to the Asian Infrastructure Investment Bank AIIB is the definitive resource on the US 100 billion multilateral development bank launched by China in 2015 to finance infrastructure across Asia and beyond Written by the lawyer who helped draft the AIIB Charter the book offers rare insight into the Bank's legal foundations and evolution This updated 2025 edition includes new research on the World Bank's origins and a review of AIIB's first decade of innovation in global development finance **Routledge Handbook on Transnational Commercial Law** Bruno Zeller, Camilla Baasch Andersen, 2025-02-21 This handbook edited by Zeller and Andersen is an indispensable contribution to the field of transnational commercial law With an introduction by Sir Roy Goode this book presents perspectives on legal issues of international sales transactions as perceived by world leading experts exposing pragmatic and modern aspects of everything from drafting to uniform laws to dispute resolution The book divides itself between fundamental knowledge of transnational commercial law e.g. chapters on forum shopping CISG Cape Town Convention etc and current and topical developments e.g. chapters on blockchain smart contracts metaverse digital assets etc International or transnational trade during the past twenty years has become more and more important outstripping domestic trade as a hallmark of economic success Model laws developed by the United Nations and other international bodies are now being transplanted or ratified by countries so a translational element must always be considered as part of any choice of law Addressing a global audience as the instruments dealt with herein apply to many states in

different regions this handbook aims not only at an undergraduate and graduate student audience but also will interest professional lawyers

The International Arbitration Rulebook Arif Hyder Ali, Jane Wessel, Alexandre de Gramont, Ryan Mellske, 2019-10-24

The numerous arbitral regimes around the world differ in subtle yet complex ways. These variations can have a profound effect on the procedural rights and obligations of the parties. Broadly speaking, the choice of regime will impact the way in which an arbitration is conducted, its duration and expense, the outcome of the dispute, and the ultimate enforceability of the award. To inform the parties' choice, this book is the first to deal specifically and in depth with a broad range of institutional and ad hoc arbitration rules on a comparative basis. It provides a practical guide to the rules in one book, a one-stop shop from a distinctly rule and guide point of view. This book has its genesis in the authors' experience as practitioners and educators in international commercial and investor state arbitration and as advisers to and trainers for arbitral institutions, arbitrators, judges, and government officials around the world. This comprehensive descriptive and analytical road map covers the broad range of issues addressed in nine representative major sets of arbitration rules. The authors detail the distinct ways in which rules governing such important issues as the following may differ among the various arbitral regimes: the governance structure and role of the administering institutions in the arbitration, including case management and administrative support; the critical and recommended issues to be established in the agreement to arbitrate, such as the place of arbitration and the governing law; among others, the requirements and best practices for starting the arbitration on the right foot; the procedures for selecting, appointing, and challenging arbitrators; the impact of the initial procedural conference on the proceedings; the rules on presenting the case in chief, written submissions, documentary evidence, witness and expert testimony, and more; the costs and fees of leading institutions; the procedures and standards for award scrutiny and enforceability; and a range of special and innovative procedures such as expedited proceedings, interim relief, and consolidation of proceedings. The comparative analysis is organized around the chronological phases of an international arbitration and supported by rule comparison tables and clear explanations of each step of the process. With this eminently practical book, contract negotiators, counsel, and arbitrators can confidently navigate any international arbitration. Thorough coverage of the applicable rules and guidelines enables parties and/or the tribunal to design bespoke arbitration procedures based upon the various rules of leading regimes. Arbitral institutions can survey the different approaches and identify emerging best practices in the design and drafting of arbitral regimes. All in all, this volume is a useful guide and comprehensive framework of rules for both arbitration practitioners and users of arbitration services as well as for students and teachers of international arbitration.

Comparative Law of International Arbitration Jean-François Poudret, Sébastien Besson, 2007

Guides practitioners through the international arbitration process from beginning to end. This work covers each step of arbitral procedure from the conclusion of the arbitration agreement to the enforcement of the arbitral award from a comparative standpoint, helping practitioners decide which jurisdiction's rules they wish to be bound by.

Legal and Cultural Dimensions in Arbitration Language Ornella Guarino, 2025-12-12 This book examines the interplay of legal traditions and linguistic practices and its influence on arbitral awards opening new avenues of research on this underexplored area of legal discourse The volume analyses data from a corpus of English language arbitral awards understood as the final decisions handed down by arbitrators in a legal dispute compiled via Jus Mundi an AI powered legal search engine Featuring texts from across various legal and cultural contexts the book highlights corpus linguistic methodologies to elucidate linguistic patterns syntactic structures and stylistic choices Guarino calls readers attention not only to the impact of globalization and cultural diversity on legal language in arbitration but also to the emergence of distinct styles and modes of reasoning even as legal practices globally converge In so doing the volume underscores the possibilities offered by the cultural shift toward openness in arbitration for refining legal standards fostering collaborative knowledge and expanding the study of legal discourse more broadly This book will appeal to scholars interested in language and the law legal discourse corpus linguistics language and communication and international business studies

Practitioner's Handbook on International Commercial Arbitration Frank-Bernd Weigand, 2009-12-24 The Practitioner's Handbook on International Commercial Arbitration

provides concise country reports on important jurisdictions for international arbitral proceedings as well as commentaries on well known arbitration rules which are frequently incorporated in international legal agreements. Most international commercial contracts now include an arbitration clause as an alternative to resolving disputes in the state courts. This second edition of the Practitioner's Handbook includes newly updated country chapters, expanded international coverage and commentary on the most important arbitration rules worldwide. It is written by world leading arbitration practitioners and academics and combines a practical approach with in depth legal research and analysis of important national and international case law. The book is unique in its coverage, providing uniformly designed country reports and thorough commentaries on internationally recognized arbitration rules in just one volume. There are individual chapters for the following countries: Austria, Belgium, China, and it provides details of national arbitration laws, arbitral institutions in the jurisdiction, model arbitration clauses and a bibliography including a list of key judicial decisions. The first edition was reviewed as an outstanding book and an extremely useful tool. The work is an indispensable one stop reference point for lawyers drafting international arbitration clauses or handling arbitration proceedings in different countries.
