Rehmann,2021-02-03 How is rage related to hunger Hunger is a liminal experience connected to powerlessness shame and
violence Hunger does not issue into speech It cannot therefore be easily found in the biblical texts written by and about
people who knew hunger It hides behind the words in these texts Rage conversely finds expression and in the texts it can
alert readers to hidden experiences of hunger But rage is not just a response to the lack of food It is also a transformative
force reaching towards a justice that is not yet real The experience of hunger and the fear of famine often go hand in hand
with anger a rage that can bring whole populations to their feet Luzia Sutter Rehmann develops a biblical hermeneutic that
centers on the fire in the belly of the hungry their rage that leads to protests and uprisings Her reading shows the poor or the
many as those with whom Jesus cooperates and as subjects acting on their own initiative The book also highlights key socio
historical information on the food situation of ancient Rome and Palestine on poverty political dependence and unrest
