Architectural Concrete In Detail Four Buildings By Miller Maranta:

Architectural Concrete in Detail Quintus Miller, Paola Maranta, 2011 The architectural use of fair faced concrete and the technology of concrete is analysed and explained in a clear in depth way using the examples of four buildings by the renowned Swiss architects Miller Maranta A special focus lies in the specific implementation conditions and the architectural results The Volta school building and the Schwarzpark residential building both in Basel are presented along with the new construction of the Villa Garbald seminar centre in Castasegna and the Spirgarten home for the elderly in Zurich Altstetten

Constructing Architecture Andrea Deplazes, 2005-07-25 Now in its second edition the trailblazing introduction and textbook on construction includes a new section on translucent materials and an article on the use of glass *Architectural Publications Index*, 2003 **Materialidad poética** Silvia Alonso de los Ríos, 2021-05-17 La arquitectura para su culminación precisa del concurso de la experiencia espacial Desde esta base metodológica la autora se sirve del poder cognoscitivo de la mirada para ir desvelando paulatinamente desde la dimensión trascendente de los materiales las claves de la arquitectura contemporánea del entorno alpino de los Grisones que creemos conocida A lo largo del texto se van tejiendo relaciones desde la experiencia cotidiana de las obras analizadas sin más escudos que el de la propia percepción El discurso se hilvana desde la visualidad formativa con el concurso de la experiencia del sentimiento En la estela de la tradición moderna la obra no parte de imágenes sino de materiales En el fondo del discurso late el debate entre lo local y lo universal en una búsqueda por lo atemporal que invita al lector a percibir las obras desde una intensa proximidad y simultáneamente desde una cierta lejanía alimentada por la referencialidad de los proyectos analizados que supera la analogía o la geometría para sumergirse en una conceptualización matricial A la vez se introduce el tema del tiempo tanto en la arquitectura como en los materiales en la sabiduría de que la intensidad solo acontece en la lentitud Este trabajo entiende el material como veneración En él podemos aprender cómo los arquitectos entre ellos Olgiati Merzli o Zumthor aspiran a expresar con la materia el sentimiento de vinculación y refugio del hombre con y en la naturaleza La autora nos ayuda con su brillante investigación a diluir la frontera entre las inquietudes técnicas y las humanísticas palpando en cada paramento en cada espacio en cada objeto las razones espirituales del construir Mediante un recorrido hacia lo esencial el trabajo nos aproxima a la interpretación contemporánea de lo sublime Este volumen en definitiva se nos presenta como el cobijo donde poder seguir recogiendo nuestra mirada y con ella las aspiraciones profundas del habitar **Avery Index to Architectural Periodicals** Avery Library, 1997
