Inequality in Public School Admission in Urban China Jing Liu, 2018-05-02 This book explores and interprets discourses and practices in school admissions to public lower secondary education in urban China by utilizing a discourse analysis approach and a case study method. It identifies continuities and changes in discourses shaped by diverse forces in public lower secondary school admissions in the context of China's social transformation from a profit driven society to a more equitable society and elucidates the power relationships among stakeholders in public school admissions by analysing their interplay in the process. More importantly it exposes how current socio economic institutional and educational systems are shaping the engagement of stakeholders in the public school admissions process. It also presents some on going projects intended to yield new policies and practices for more equitable public secondary education in China in the development stage of the post 2015 **Previous Solved Papers & Practice Book** YCT Expert Team , 2022 23 RRB NTPC II Stage Previous Solved Papers Practice Book
