designed to help students recognize which solution strategies are most appropriate for a given exercise. These types of exercises along with the number of practice problems and group activities available permit instructors to choose from a wealth of problems allowing ample opportunity for students to practice what they learn in lecture to hone their skills. In this way the book perfectly complements any learning platform whether traditional lecture or distance learning; its instruction is so reflective of what comes from lecture that students will feel as comfortable outside of class as they do inside class with their instructor.

ALEKS Assessment and Learning in Knowledge Spaces is a web-based artificially intelligent assessment and learning system. ALEKS uses adaptive questioning to quickly and accurately determine exactly what a student knows and doesn't know in a course. ALEKS then instructs the student on the topics she is most ready to learn. As a student works through a course, ALEKS periodically reassesses the student to ensure that topics learned are also retained. ALEKS courses are very complete in their topic coverage and ALEKS avoids multiple choice questions. A student who shows a high level of mastery of an ALEKS course will be successful in the actual course she is taking.
