

Fourth Step Inventory

One of the **requirements** for sobriety is the need for confession of personality defects, a moral inventory, and step four is designed to be just this. There is a lot of hype and fear surrounding this step (mostly created by those who are yet to do it), and these worksheets are designed to make this task as easy and simple as possible. Everything contained in these sheets is directly from the Big Book 'Alcoholics Anonymous', there is no opinion, just fact. To be able to start on this step, the previous three steps must of course have been completed, so **before** starting check with your sponsor, spiritual advisor, counselor, etc. to make sure you are ready.

Many people get loaded or act out in some way when they reach this step. Why? They will tell you that the pain of dredging up memories long buried was too much to endure, or any one of a thousand other excuses. The plain and simple fact is just this, the pain does not come in writing this inventory, the pain comes in **resisting** the writing. Alcoholics and addicts, time after time, would rather get loaded again than have to face some inner truths. The freedom from self is made impossible by holding on to fears and secrets we've harbored all our lives, the way of strength, paradoxically, is in becoming vulnerable.

Here are some tips to help you with this moral inventory:

Try and list resentments in groups, i.e.: Family, school, relationships, work, etc.

If you are not sure in any area, call somebody and ask them for their **experience**.

Get into the habit of writing every day, even if it's only for ten minutes.

In the resentment inventory, **don't** write across, do it in columns, i.e: ALL names first, ALL causes second, etc.

Be honest! The only person to truly benefit from this exercise is you, don't cheat yourself out of this incredible experience.

America Anonymous Benoit Denizet-Lewis, 2009-01-06 America Anonymous is the unforgettable story of eight men and women from around the country including a grandmother a college student a bodybuilder and a housewife struggling with addictions For nearly three years acclaimed journalist Benoit Denizet Lewis immersed himself in their lives as they battled drug and alcohol abuse overeating and compulsive gambling and sexuality Alternating with their stories is Denizet Lewis's candid account of his own recovery from sexual addiction and his compelling examination of our culture of

addiction where we obsessively search for new and innovative ways to escape the reality of the present moment and make ourselves feel better Addiction is arguably this country's biggest public health crisis triggering and exacerbating many of our most pressing social problems crime poverty skyrocketing health care costs and childhood abuse and neglect But while cancer and AIDS survivors have taken to the streets and to the halls of Congress demanding to be counted millions of addicts with successful long term recovery talk only to each other in the confines of anonymous Twelve Step meetings A notable exception is the addicted celebrity who often enters and exits rehab with great fanfare Through the riveting stories of Americans in various stages of recovery and relapse Denizet Lewis shines a spotlight on our most misunderstood health problem is addiction a brain disease A spiritual malady A moral failing and breaks through the shame and denial that still shape our cultural understanding of it and hamper our ability to treat it Are Americans more addicted than people in other countries or does it just seem that way Can food or sex be as addictive as alcohol and drugs And will we ever be able to treat addiction with a pill These are just a few of the questions Denizet Lewis explores during his remarkable journey inside the lives of men and women struggling to become or stay sober As the addicts in this book stumble fall and try again to make a different and better life Denizet Lewis records their struggles and his own with honesty and empathy

Problems and Alcoholism James E. Royce, 1981 A study on alcoholism thoroughly documented as a college text but practical enough to be of interest to para professionals and counselors who wish to update their knowledge and the one million recovered alcoholics who are eager to learn more about their illness *We Recovered Too* Michael Fitzpatrick, 2011
We Recovered Too *The 12-Step Buddhist* Darren Littlejohn, 2009-03-10 The face of addiction and alcoholism is a face that many have seen before it may be a celebrity a colleague or even a family member And though the 12 step program by itself can often bring initial success many addicts find themselves relapsing back into old ways and old patterns or replacing one addiction with another Author Darren Littlejohn has been there and back and presents a complimentary guide for recovery to the traditional twelve step program out of his own struggles and successes through the study of Zen and Tibetan Buddhism Working with the traditional 12 Step philosophy the author first shares his own life path and how he came to find the spiritual solace that has greatly enhanced his life in recovery Then he details out how his work integrating Buddhism into the traditional twelve step programs validates both aspects of the recovery process While being careful not to present himself as a Tibetan lama or Zen master the author shows how each step such as admitting there is a problem seeking help engaging in a thorough self examination making amends for harm done and helping other drug addicts who want to recover fits into the Bodhisattva path This integration makes Buddhism accessible for addicts and the 12 Steps understandable for Buddhists who may otherwise be at a loss to help those in need The 12 Step Buddhist is designed to be a complimentary practice to the traditional 12 step journey not a replacement While traditional twelve step programs help addicts become sober by removing the drug of choice and providing a spiritual path they rarely delve deep into what causes people to suffer in the first place The integration of Buddhism with the traditional process provides the wisdom and meditations that can help addicts truly find a deep spiritual liberation from all causes and conditions of suffering for good
