

Sets of Numbers

- The **natural numbers** are the set of numbers used when counting; these are the numbers $\{1, 2, 3, 4, 5, \dots\}$.
- The **whole numbers** are the set of natural numbers and zero; these are the numbers $\{0, 1, 2, 3, 4, 5, \dots\}$.
- The **integers** are the set of whole numbers and their opposites; these are the numbers $\{\dots, -3, -2, -1, 0, 1, 2, 3, \dots\}$.
- The **rational numbers** are the set of numbers that can be expressed as a fraction of two integers, where the denominator is not zero. Rational numbers include the set of natural numbers, whole numbers, and integers.

EX: $-5, \frac{3}{4}, 0, 2, \sqrt{16}, 2\frac{1}{2}, 0.\overline{6}, 2.35$

- The **irrational numbers** are the set of numbers that cannot be expressed as a fraction of two integers.

EX: $\pi, e, \sqrt{3}, \sqrt[3]{10}$

- The **real numbers** are the set of rational numbers and irrational numbers.

EX: $-4, \pi, \frac{7}{8}, \sqrt{5}, \sqrt[3]{64}, 0.125, \sqrt[3]{25}, 0.\overline{7}$

- The **imaginary numbers** are the set of square roots of negative numbers, written in the form bi , where b is a nonzero real number and $i = \sqrt{-1}$.

EX: $-5i, i, 3i, \sqrt{-9}, -\sqrt{-100}$

- The **complex numbers** are the set of real numbers plus an imaginary number, written in the form $a + bi$, where a and b are real numbers and $i = \sqrt{-1}$.

EX: $9 + 2i, -6 + i, -4 - 3i, 7 - 6i, 5i$

Solving Equations

When you perform the same operation to each side of an equation, the result is a new equation that has the same solution. Equations that have the same solution(s) are equivalent equations.

Using the Addition Property of Equality

The **Addition Property of Equality** states that when the same number is added to equal numbers, the sums are equal.

RULE: If a, b , and c are any real numbers and $a = b$, then $a + c = b + c$.

EX: $2 + 7 = 2 + 7$

Applying this property to equations, when the same number is added to each side of an equation, the result is an equivalent equation.

EX: If $x = 3 + 11$, then $x + 3 + 3 = 11 + 3$, or $x = 14$

Using the Subtraction Property of Equality

The **Subtraction Property of Equality** states that when the same number is subtracted from equal numbers, the differences are equal.

RULE: If a, b , and c are any real numbers and $a = b$, then $a - c = b - c$.

EX: $12 - 8 = 12 - 8$

Applying this property to equations, when the same number is subtracted from each side of an equation, the result is an equivalent equation.

EX: If $y + 7 = 15$, then $y + 7 - 7 = 15 - 7$, or $y = 8$.

Using the Multiplication Property of Equality

The **Multiplication Property of Equality** states that when equal numbers are multiplied by the same number, the products are equal.

RULE: If a, b , and c are any real numbers and $a = b$, then $ac = bc$.

EX: $5 \cdot 4 = 5 \cdot 4$

Applying this property to equations, when both sides of an equation are multiplied by the same real number, the result is an equivalent equation.

EX: If $\frac{x}{6} = 3$, then $\left(\frac{x}{6}\right)6 = (3)6$, or $x = 18$

Using the Division Property of Equality

The **Division Property of Equality** states that when equal numbers are divided by the same nonzero number, the quotients are equal.

RULE: If a, b , and c are any real numbers, $c \neq 0$, and

$a = b$, then $\frac{a}{c} = \frac{b}{c}$

EX: $\frac{15}{3} = \frac{15}{3}$

Applying this property to equations, when both sides of an equation are divided by the same nonzero real number, the result is an equivalent equation.

EX: If $7x = 21$, then $\frac{7x}{7} = \frac{21}{7}$, or $x = 3$

Solving Multistep Equations

Some equations require more than one inverse operation to solve. The goal when solving a multistep equation is to isolate the variable (i.e., get it by itself). To do this, use the properties of equality. If there are like terms on one side of an equation, they should be combined before using the properties.

EX: Solve the equation $5x + 3x - 1 = 15$

- $5x + 3x - 1 = 15$
- $8x - 1 = 15$
- $8x - 1 + 1 = 15 + 1$
- $8x = 16$
- $\frac{8x}{8} = \frac{16}{8}$
- $x = 2$

- Original equation
- Combine like terms.
- Use the Addition Property of Equality to undo the subtraction and isolate the variable term.
- Simplify.
- Use the Division Property of Equality to undo the multiplication and isolate the variable.
- Simplify.

Variables on Both Sides

When an equation has variables on both sides, the objective is to get all variable terms on the same side of the equation by using either the Addition or Subtraction Property of Equality.

EX: Solve the equation $6m - 8 = 2m$

- $6m - 8 = 2m$
- $6m - 8 - 6m = 2m - 6m$
- $-8 = -4m$
- $-8 + 8 = -4m + 8$
- $-4m = 8$
- $\frac{-4m}{-4} = \frac{8}{-4}$
- $m = -2$

- Original equation
- Use the Subtraction Property of Equality to move the variable term to one side.
- Simplify.
- Use the Addition Property of Equality to isolate the variable term.
- Simplify.
- Use the Division Property of Equality to isolate the variable.
- Simplify.

Solving Absolute Value Equations

The **absolute value** of a number is its distance from zero on the number line. Therefore, the equation $|x| = 4$ has two solutions, 4 and -4, since both have a distance of 4 units from zero on the number line.

To solve an equation $|x| = b$, where b is a positive number, solve the disjunction $x = b$ or $x = -b$.

EX: Solve the equation $|x + 7| = 3$

- $|x + 7| = 3$
- $x + 7 = 3$ or $x + 7 = -3$
- $x + 7 - 7 = 3 - 7$ or $x + 7 - 7 = -3 - 7$
- $x = -4$ or $x = -10$

- Original equation
- Write as a disjunction.
- Use the Subtraction Property of Equality on both equations to isolate the variable.
- Simplify.

Solving Inequalities

An **inequality** shows the relationship between two numbers or expressions. The solution of an inequality is the set of numbers that make the inequality true.

Addition & Subtraction Properties

The **Addition and Subtraction Properties of Inequality** state that adding or subtracting the same number on each side of an inequality produces an equivalent inequality.

If a, b , and c are real numbers, then the following are true:

Addition Property of Inequality: If $a > b$,

then $a + c > b + c$; If $a < b$, then $a + c < b + c$.

Subtraction Property of Inequality: If $a > b$,

then $a - c > b - c$; If $a < b$, then $a - c < b - c$.

Note that similar statements hold true for $\geq$ and $\leq$.

NUMERIC EXAMPLES

Addition Property of Inequality: Since $4 > 2$, then

$4 + 1 > 2 + 1$; since $3 < 5$, then $3 + 6 < 5 + 6$.

Subtraction Property of Inequality: Since $9 > 2$, then

$9 - 1 > 2 - 1$; since $4 < 7$, then $4 - 2 < 7 - 2$.

ALGEBRAIC EXAMPLES

Addition Property of Inequality: If $p - 3 < 11$, then

$p - 3 + 3 < 11 + 3$, or $p < 14$.

Subtraction Property of Inequality: If $x + 9 > 16$, then

$x + 9 - 9 > 16 - 9$, or $x > 7$.

Multiplication & Division Properties

The **Multiplication and Division Properties of Inequality** state that multiplying or dividing each side of an inequality by a positive number makes an equivalent inequality. These properties also state that multiplying or dividing each side of an inequality by a negative number and reversing the direction of the inequality symbol make an equivalent inequality.

Given a, b , and c are real numbers:

Where c is positive:	Where c is negative:
If $a < b$, then $ac < bc$	If $a < b$, then $ac > bc$
If $a > b$, then $ac > bc$	If $a > b$, then $ac < bc$

Note that similar statements hold true for $\geq$ and $\leq$.

NUMERIC EXAMPLES

Multiplication Property of Inequality:

Since $2 < 5$, then $2 \cdot 3 < 5 \cdot 3 = 15$; since $2 < 5$, then

$2 \cdot (-3) > 5 \cdot (-3)$.

Since $6 > 4$, then $6 \cdot 4 > 4 \cdot 4 = 16$; since $6 > 4$, then

$6 \cdot (-4) < 4 \cdot (-4)$.

Division Property of Inequality:

Since $4 < 6$, then $\frac{4}{2} < \frac{6}{2}$; since $4 < 6$, then $\frac{4}{-2} > \frac{6}{-2}$.

Since $9 > 3$, then $\frac{9}{3} > \frac{3}{3}$; since $9 > 3$, then $\frac{9}{-3} < \frac{3}{-3}$.

Algebra Term Study Guide

**James W. Snow, Bernard
Kolman, Arnold Shapiro**

Algebra Term Study Guide:

Barron's Math 360: A Complete Study Guide to Pre-Algebra with Online Practice Barron's Educational Series, Caryl Lorandini, 2021-09-07 Previously published under the titles Pre algebra the easy way and E Z pre algebra

Praxis Core Study Guide For Dummies Carla C. Kirkland, Chan Cleveland, 2024-09-24 Gain the skills and confidence you need to succeed on the Praxis Core Praxis Core Study Guide For Dummies helps you perform at your best on the Praxis Core Academic Skills for Educators Exam With information on every section of the exam plus full length practice tests in the book and online this helpful study guide is essential for anyone who wants to start a career in education Hone your skills in reading writing and mathematics Then demonstrate what you've learned with six practice tests two in the book and an additional four online plus answer explanations that will help you work your way toward a passing score Handy test taking strategies customizable study plans and insider tips are here too so you'll be in the know on test day Brush up your knowledge of math reading comprehension and writing skills Improve your chances of passing the Praxis Core exam Achieve a major milestone in your path toward a career in education If you need to pass the Praxis Core to get your teaching certification this Dummies test prep guide is for you

Study Guide for College Algebra and Trigonometry James W. Snow, Bernard Kolman, Arnold Shapiro, 2014-05-10 Study Guide for College Algebra and Trigonometry is a supplement material to the basic text College Algebra and Trigonometry It is written to assist the student in learning mathematics effectively The book provides detailed solutions to exercises found in the text Students are encouraged to use these solutions to find a way to approach a problem The Study Guide and Solutions Manual consists of four major components basic concepts that should be learned from each unit what was learned upon completion of each unit solutions to selected problems and a short chapter quiz including the answers covering the concepts and problem types Students of algebra and trigonometry in the college level will find the book very useful

Study Guide for College Algebra James W. Snow, Bernard Kolman, Arnold Shapiro, 2014-05-10 Study Guide for College Algebra is a supplemental material for the basic text College Algebra Its purpose is to make the learning of college algebra and trigonometry easier and enjoyable The book provides detailed solutions to exercises found in the text Students are encouraged to use the study guide as a learning tool during the duration of the course a reviewer prior to an exam a reference book and as a quick overview before studying a section of the text The Study Guide and Solutions Manual consists of four major components basic concepts that should be learned from each unit what was learned upon completion of each unit solutions to selected problems and a short chapter quiz including the answers covering the concepts and problem types College level students will find the book very useful

Eureka Math Algebra II Study Guide Great Minds, 2016-08-15 The team of teachers and mathematicians who created Eureka Math believe that it's not enough for students to know the process for solving a problem they need to know why that process works That's why students who learn math with Eureka can solve real world problems even those they have never encountered before The

Study Guides are a companion to the Eureka Math program whether you use it online or in print. The guides collect the key components of the curriculum for each grade in a single volume. They also unpack the standards in detail so that anyone even non Eureka users can benefit. The guides are particularly helpful for teachers or trainers seeking to undertake or lead a meaningful study of the grade level content in a way that highlights the coherence between modules and topics. We're here to make sure you succeed with an ever growing library of resources. Take advantage of the full set of Study Guides available for each grade PK 12 or materials at eureka-math.org such as free implementation and pacing guides, material lists, parent resources and more.

Class 11-12 Math MCQ (Multiple Choice Questions) Arshad Iqbal, 2019-05-17. The Class 11 12 Math Multiple Choice Questions MCQ Quiz with Answers PDF, College Math MCQ PDF Download, Quiz Questions Chapter 1 14 Practice Tests with Answer Key, 11th 12th Grade Math Questions Bank MCQs Notes includes revision guide for problem solving with hundreds of solved MCQs. Class 11 12 Math MCQ with Answers PDF book covers basic concepts, analytical and practical assessment tests. Class 11 12 Math MCQ PDF book helps to practice test questions from exam prep notes. The Class 11 12 Math MCQs with Answers PDF eBook includes revision guide with verbal, quantitative and analytical past papers, solved MCQs. Class 11 12 Math Multiple Choice Questions and Answers MCQs PDF Free download chapter 1 a book covers solved quiz questions and answers on chapters: Application of basic identities, double angle identities, functions and limits, fundamentals of trigonometry, matrices and determinants, number system, partial fractions, permutations, combinations and probability, quadratic equations, sequences and series, sets, functions and groups, trigonometric functions and graphs, trigonometric identities, trigonometric ratios of allied angles, tests for college and university revision guide. Class 11 12 Math Quiz Questions and Answers PDF free download eBook's sample covers beginner's solved questions, textbook's study notes to practice online tests. The book Grade 11 12 Math MCQs Chapter 1 14 PDF includes college question papers to review practice tests for exams. Class 11 12 Math Multiple Choice Questions MCQ with Answers PDF digital edition eBook a study guide with textbook chapters, tests for NEET, GRE, SAT, CLEP, ACT, GED, Olympiad, competitive exam, College Math Mock Tests Chapter 1 14 eBook covers problem solving exam tests from Math textbook and practical eBook chapter wise as Chapter 1 Application of Basic Identities MCQ, Chapter 2 Double Angle Identities MCQ, Chapter 3 Functions and Limits MCQ, Chapter 4 Fundamentals of Trigonometry MCQ, Chapter 5 Matrices and Determinants MCQ, Chapter 6 Number System MCQ, Chapter 7 Partial Fractions MCQ, Chapter 8 Permutations, Combinations and Probability MCQ, Chapter 9 Quadratic Equations MCQ, Chapter 10 Sequences and Series MCQ, Chapter 11 Sets, Functions and Groups MCQ, Chapter 12 Trigonometric Functions and Graphs MCQ, Chapter 13 Trigonometric Identities MCQ, Chapter 14 Trigonometric Ratios of Allied Angles MCQ. The Application of Basic Identities MCQ PDF eBook Chapter 1 practice test to solve MCQ questions on Applied mathematics and trigonometry basics. The Double Angle Identities MCQ PDF eBook Chapter 2 practice test to solve MCQ questions on Double angle identities. The Functions and Limits MCQ PDF eBook Chapter 3 practice test to solve MCQ questions on Introduction

to functions and limits exponential function linear functions logarithmic functions concept of limit of function algebra problems composition of functions even functions finding inverse function hyperbolic functions inverse of a function mathematical formulas notation and value of function odd functions parametric functions and trigonometric function The Fundamentals of Trigonometry MCQ PDF e Book Chapter 4 practice test to solve MCQ questions on Trigonometric function fundamental identities trigonometry formulas algebra and trigonometry mathematical formulas measurements conversion measuring angles units radian to degree conversion radians to degrees and trigonometry problems The Matrices and Determinants MCQ PDF e Book Chapter 5 practice test to solve MCQ questions on Introduction to matrices and determinants rectangular matrix row matrix skew symmetric matrix and symmetric matrix addition of matrix adjoint and inverse of square matrix column matrix homogeneous linear equations and multiplication of a matrix The Number System MCQ PDF e Book Chapter 6 practice test to solve MCQ questions on Properties of real numbers rational numbers irrational numbers complex numbers basic function binary operation De Moivre s theorem groups linear and quadratic function sets operation on three sets and relation The Partial Fractions MCQ PDF e Book Chapter 7 practice test to solve MCQ questions on Introduction of partial fractions rational fractions resolution of a rational fraction into partial fraction when $q(x)$ has non repeated irreducible quadratic factors when $q(x)$ has non repeated linear factors and when $q(x)$ has repeated linear factors The Permutations Combinations and Probability MCQ PDF e Book Chapter 8 practice test to solve MCQ questions on Introduction to permutations combinations probability circular permutation combinations complementary combination and examples of permutation The Quadratic Equations MCQ PDF e Book Chapter 9 practice test to solve MCQ questions on Introduction to quadratic equations examples of quadratic equations nature of roots of quadratic equation cube roots of unity exponential equations formation of equation whose roots are given fourth root of unity polynomial function relation b w roots and the coefficients of quadratic equations remainder theorem roots of equation solution of a quadratic equations and synthetic division The Sequences and Series MCQ PDF e Book Chapter 10 practice test to solve MCQ questions on Introduction of sequences and series arithmetic mean arithmetic progression geometric mean geometric progression harmonic mean harmonic progression infinite geometric series relation b w AM GM and HM sigma notation and sum of n terms of a geometric series The Sets Functions and Groups MCQ PDF e Book Chapter 11 practice test to solve MCQ questions on Introduction to sets functions groups basic function biconditional implication or conditional and operation on sets The Trigonometric Functions and Graphs MCQ PDF e Book Chapter 12 practice test to solve MCQ questions on Period of trigonometric functions applied mathematics domains ranges tangent and cotangent functions The Trigonometric Identities MCQ PDF e Book Chapter 13 practice test to solve MCQ questions on Trigonometric identities basic trigonometric identities basic trigonometry formulas trigonometric ratios of allied angles trigonometric function sine cosine tangent double angle identities and triple angle identities The Trigonometric Ratios of Allied Angles MCQ PDF e Book Chapter 14 practice test to

Algebra Term Study Guide Introduction

In the digital age, access to information has become easier than ever before. The ability to download Algebra Term Study Guide has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Algebra Term Study Guide has opened up a world of possibilities. Downloading Algebra Term Study Guide provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Algebra Term Study Guide has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Algebra Term Study Guide. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Algebra Term Study Guide. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Algebra Term Study Guide, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal

information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Algebra Term Study Guide has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Algebra Term Study Guide Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Algebra Term Study Guide is one of the best book in our library for free trial. We provide copy of Algebra Term Study Guide in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Algebra Term Study Guide. Where to download Algebra Term Study Guide online for free? Are you looking for Algebra Term Study Guide PDF? This is definitely going to save you time and cash in something you should think about.
