Language Testing, Migration and Citizenship Guus Extra,Massimiliano Spotti,Piet Van Avermaet,2011-10-27 What is required to achieve civic integration and citizenship in nation states across the world Should language testing be a part of it This book addresses the urgent need to develop a fuller conceptual and theoretical basis for

language testing than is currently available to enable widespread discussion of this theme and the concomitant linguistic and cultural requirements The policy proposals for civic integration have so far been conducted almost entirely at a national level and with little regard for the experiences of a countries with long traditions of migration such as the USA Canada the UK or Australia At the same time EU enlargement and the ongoing rise in the rate of migration into and across Europe suggest that these issues will continue to grow in importance This book raises the level of discussion to take account of international developments and to promote a more coherent and soundly based debate It will appeal to researchers and academics working in sociolinguistics and language education as well as those working on language policy *The Cambridge Review* ,1883 **Character Education 2 Tm' 2002 Ed. , New York Musical Review and Choral Advocate ,1854**
