Sustainable Future Mihail Busu, 2025-03-07 This book presents a selection of the best papers from the 18th International Conference on Business Excellence Smart Solutions for a Sustainable Future ICBE 2024 held in Bucharest Romania in March 2024 In today's rapidly evolving landscape characterized by volatility uncertainty complexity and ambiguity VUCA the need to reshape business practices is of major importance The book gathers research findings and perspectives on the new challenges in particularly in the field of digital economy and research systems It focuses on the realignment of organizations and research systems offering valuable insights into the context of global crises and providing solutions to the real challenges we are facing today **The Taxation of Energy-Sector Assets: Polish Tax Legislation on the Eve of Energy**

Transformation Wojciech Morawski, Adam Kałużny, 2022-10-25 This book answers the question is Polish property tax legislation ready for the upcoming energy transformation In Poland real estate tax property tax is a material cost for property owners in energy because of the high value assets used by the sector At the same time unclear provisions of Polish tax law and variable jurisprudence can make it challenging for entrepreneurs to predict their tax bills The current provisions of Polish tax law are often not well adjusted to the reality of modern economy particularly in the case of assets used in the renewable energy sector The book describes the problems that face taxpayers tax authorities and the administrative courts trying to apply current real estate tax provisions to renewable energy assets The authors also examine the question of whether Polish legislators treat traditional and renewable sources of energy fairly The readers of this book will be practitioners and researchers who are interested in issues of renewable energy taxation **Basic Income, Disability**

Pensions and the Australian Political Economy Jennifer Mays, 2019-12-03 Global developments in basic income have

reinvigorated political debates on the necessity of progressing to universal basic income implementation Basic income is a powerful strategy for addressing poverty gaps and growing inequality This book provides new insights and strategies from an Australian political economy perspective to respond to implementation challenges and distributive justice The book positions the disability dimension and disability pensions in relation to basic income to explore strategies for strengthening universal provisions It illustrates the need for socially just conditions and adequate financing to underpin redistribution as a way of safeguarding the sustainability of basic income

"LIFE" SAVING TAX SOLUTIONS William E. Flikeid, 2014-02-21 I want to thank you sincerely for taking the time to read this book I know you ll be happy you did The messages you are about to discover will change the way you think about retirement planning and for many of you it will absolutely empower the future for you and your family for generations to come At the heart of this book are surprising secrets designed to save you and your loved ones a fortune in assets potential buckets of money your estate would otherwise give up to the government for no reason at all Here s why I don t want to sound like someone caught up in conspiracy theories not my style but I strongly suspect that Congress may be out to get me and YOU tax wise that is And for good reason During the past five years in particular we as a nation have run up one mountain of debt and deficit and if we don t want to stand idly by and watch significant portions of our estate legacies disappear it s time to alter a few well entrenched financial strategies We all know about the massive federal debt our country amassed during the last recession That s no secret is it We also know that as a nation we will all have to pitch in and somehow pay it all off The one way to get there will be through increased taxation Count on it Who will pay the tax You and I will be asked to pay the brunt of it you can count on that as well Prudent investors and those trying to preserve their assets in retirement must accordingly begin to think about certain perfectly legal money making tax preservation strategies the fundamentals of which I will reveal to you in the coming pages of this book I can t say it enough My clients have been astounded by the results Once they realize how simple and easy it is to save thousands upon hundreds of thousands of dollars in family assets they realize how financially devastated their families might have been had they never heard the invaluable wealth saving advice you are about to review It is certainly no secret that from the beginning of 2013 the federal government began raising income taxes not only for the wealthy but for most Americans across the board Sure many of us have been deferring the eventual payment of taxes through instruments like annuities But a time of reckoning is coming for millions of retirees While many prudent investors and retirees have been solidly immersed in tax deferral investment vehicles an impending vulnerability actually created by tax deferral forms one of the central points I want to make in this book Fact is the IRS is entitled to its fair share of income tax and if we have been deferring tax in things like annuities and IRAs over the past decade or more many of us may be losing sleep over the next big hurdle in the financial planning process Here s where this book departs from others you may have read I m not talking about the accumulation or preservation of retirement assets I m leading up to the one central issue so many of us have wanted to avoid through the

years I m talking about the final distribution phase of retirement planning when government taxation stands to take a toll not only on your current financial picture but the legacy many must inevitably leave behind **Corporate Income Taxes**

under Pressure Ruud A. de Mooij,Mr.Alexander D Klemm,Ms.Victoria J Perry,2021-02-26 The book describes the difficulties of the current international corporate income tax system It starts by describing its origins and how changes such as the development of multinational enterprises and digitalization have created fundamental problems not foreseen at its inception These include tax competition as governments try to attract tax bases through low tax rates or incentives and profit shifting as companies avoid tax by reporting profits in jurisdictions with lower tax rates The book then discusses solutions including both evolutionary changes to the current system and fundamental reform options It covers both reform efforts already under way for example under the Inclusive Framework at the OECD and potential radical reform ideas developed by academics

Renewing Communities and Providing Opportunities Through Innovative Solutions to Poverty United States. Congress. Senate. Committee on Homeland Security and Governmental Affairs,2017 **Fundamentals of Corporate Finance** Jonathon Berk,Peter DeMarzo,Jarrold Harford,Guy Ford,Vito Mollica,Nigel Finch,2013-12-02 Core concepts Contemporary ideas Outstanding innovative resources To succeed in your business studies you will need to master core finance concepts and learn to identify and solve many business problems Learning to apply financial metrics and value creation as inputs to decision making is a critical skill in any kind of organisation Fundamentals of Corporate Finance shows you how to do just that Berk presents the fundamentals of business finance using the Valuation Principle as a clear unifying framework Throughout the text its many applications use familiar Australian examples and makes consistent use of real world data This Australian adaptation of the highly successful US text Fundamentals of Corporate Finance features a high calibre author team of respected academics The second edition builds on the strengths of the first edition and incorporates updated figures tables and facts to reflect key developments in the field of finance For corporate finance or financial management students at undergraduate or post graduate level *Fundamental Accounting Principles* WILD,2017-09-11 *Fundamental Accounting Principles* Intermediate Accounting Donald E.
