Pastor,Juan Aparicio,José L. Zofío,2022-07-12 This book unifies and extends the definition and measurement of economic efficiency and its use as a real life benchmarking technique for actual organizations Analytically the book relies on the economic theory of duality as guiding framework Empirically it shows how the alternative models can be implemented by way of Data Envelopment Analysis An accompanying

software programmed in the open source Julia language is used to solve the models The package is a self contained set of functions that can be used for individual learning and instruction The source code associated documentation and replication notebooks are available online The book discusses the concept of economic efficiency at the firm level comparing observed to optimal economic performance and its decomposition according to technical and allocative criteria Depending on the underlying technical efficiency measure economic efficiency can be decomposed multiplicatively or additively Part I of the book deals with the classic multiplicative approach that decomposes cost and revenue efficiency based on radial distance functions Subsequently the book examines how these partial approaches can be expanded to the notion of profitability efficiency considering both the input and output dimensions of the firm and relying on the generalized distance function for the measurement of technical efficiency Part II is devoted to the recent additive framework related to the decomposition of economic inefficiency defined in terms of cost revenue and profit The book presents economic models for the Russell and enhanced graph Russell measures the weighted additive distance function the directional distance function the modified directional distance function and the H lder distance function Each model is presented in a separate chapter New approaches that qualify and generalize previous results are also introduced in the last chapters including the reverse directional distance function and the general direct approach The book concludes by highlighting the importance of benchmarking economic efficiency for all business stakeholders and recalling the main conclusions obtained from many years of research on this topic The book offers different alternatives to measure economic efficiency based on a set of desirable properties and advises on the choice of specific economic efficiency models

Cultural Competence In Assessment And Intervention With Ethnic Minorities: Some Perspectives From Psychology, Social Work and Education Robert G. Malgady,2011 Without a thorough understanding of culture and its nuances on part of the mental health service providers alienation stigma and culturally based impediments rule While concerns for diversity have been raised on numerous occasions with increasing frequency over the past four decades little progress has been made in implementing such concerns in clinical practice Over two thirds of Americans receive treatment for depression anxiety substance abuse and related disorders Comorbidity is rarely diagnosed These trends are greatly exacerbated among members of ethnic cultural and linguistic minority groups the authors contributing to this volume share their clinical acumen and experiences rooted in their evidence based research Their purpose is to bring issues attending assessment and treatment of ethnic minority clientele closer to the fore Some of the leading authors on the topic in psychology and social work present their well earned clinical and research experiences in this volume Case studies are presented which are instructive and intriguing bringing together the richness of a multidisciplinary approach to the topic
