This International Adaptation has been thoroughly updated to use SI units. This edition enhances the coverage of failure mechanism by adding new sections on Griffith theory of brittle fracture, Goodman diagram, and fatigue crack propagation rate. It further strengthens the coverage by including new sections on peritectoid and monotectic reactions, spinodal decomposition, and various hardening processes such as surface and vacuum and plasma hardening. Social Issues in Living Color Arthur W. Blume, 2017-02-16. Offering fresh and exciting approaches to solving global problems, this book creatively views challenging social issues through the lens of racial and ethnic psychology. As the demographic makeup of the American population continues to evolve, understanding and addressing the psychological needs of ethnic minorities in the United States becomes more important to the overall health and well-being of society. This three-volume set is the first publication to explicitly tackle social issues from the perspective of racial and ethnic psychology. It uniquely presents racial and ethnic psychological perspectives on topics such as media, criminal justice, racism, climate change, gender bias, and health and mental health disparities. Volume one introduces readers to the basic scientific concepts of racial and ethnic minority psychology and then examines the intersectionality of race, ethnicity, gender, and sexual orientation. It also addresses how race and ethnicity affect communication styles, leadership styles, and media. The second volume discusses the experiences of individuals within racial and ethnic minorities, including overt racism, covert racism, and colonialism, and addresses how ethnic minority psychology plays a role in our educational system, poverty, global climate change, and sustainability. The third volume covers ethics in health and research, considers the causes of health and mental health disparities, and identifies diversity initiatives that can improve the health and well-being of all citizens, not just racial and ethnic minority citizens.
