**The Outlook and Sabbath Quarterly**, 1884      *Unauthorized Access* Robert Sloan, Richard Warner, 2016-04-19 Going beyond current books on privacy and security this book proposes specific solutions to public policy issues pertaining to online privacy and security Requiring no technical or legal expertise it provides a practical framework to address ethical and legal issues The authors explore the well established connection between social norms privacy security and technological structure They also discuss how rapid technological developments have created novel situations that lack relevant norms and present ways to develop these norms for protecting informational privacy and ensuring sufficient information security      *The Parliamentary Elections Corrupt and Illegal Practices Prevention Acts, 1854 to 1889* Great Britain, 1892      **The Politics Of Disability: A Guide for Men** Peter Wright, Hannah Wallen, 2018-03-26 In recent years the disability sector has seen the rise of political ideologies directing the provision of services and supports to disabled persons Marxist radical feminist and social justice extremism being the more obvious among them Such imposed frameworks have important implications for the quality of care received by service users and to whom services might be tailored though few academics have acknowledged their impact on men with disabilities As described in the following pages the negative impact of such ideologies is disproportionately borne by male service users whose experiences and needs are often neglected The authors describe some of the more problematic issues and offer positive suggestions for men to both identify and hopefully navigate their way around these biases The first chapter by Hanna Wallen looks at recent feminist advocacy for people with disabilities which amounts to a gendering of what are essentially genderless issues The result of such gendering is to exclude men from important service considerations creating a selective practice that amounts to an attack on men s civil rights The subsequent three chapters by Peter Wright were first published in 2015 at the Men s Mental Health Network which have been updated for this volume These essays explore the experience of men with disabilities living in a world that often fails to meet reasonable expectations particularly in areas of provision of care and protections against violence and abuse The articles discuss possible reasons for these failures in particular the creep of gynocentric attitudes in the disability sector while offering positive encouragement for men to self advocate where possible in their own best interest      [Information Security Management Handbook, Fourth Edition](#) Harold F. **Rum Running and the Roaring Twenties** Philip P. Mason,2024-05-14 A fascinating look at the excesses and failures of Prohibition in the United States and specifically in Michigan On January 17 1920 the Eighteenth Amendment took effect in the United States prohibiting the manufacture sale use or importation of alcoholic beverages Yet the resulting peace and tranquility predicted never materialized The Prohibition experiment failed dismally in the United States and nowhere worse than in Michigan The state s close proximity to Canada where large amounts of liquor were manufactured made it a major center for the smuggling and sale of illegal alcohol Although federal state and local law enforcement agencies attempted to stop the flow of liquor into Michigan an astounding seventy five percent of all illegal liquor brought into the United States was transported across the Detroit River from Canada Using police and court records newspaper accounts and interviews with those who lived during the time Philip P Mason has constructed a fascinating history of life in Michigan during Prohibition He regales readers with stories of the bungled efforts by officials at every level to control the smuggling and sale of illegal alcohol Most entertaining are the creative smuggling efforts undertaken by citizens of all walks of life the poor middle class and affluent upstanding citizens and organized criminals and gang members By 1928 Prohibition was a major issue in the presidential campaign In 1933 with the support of President Franklin Roosevelt Michigan s governor William Comstock and other leaders the Twenty first Amendment was passed repealing Prohibition Michigan was the first state to ratify the amendment on April 10 1933 and soon the Detroit River was returned to pleasure boats and fishing and commercial vessels whose holds no longer carried illegal liquor
