Chaucer as Children's Literature Velma Bourgeois Richmond, 2015-01-24 Although Geoffrey Chaucer is the major author for Middle English studies he often receives little notice in studies of children s literature However there is a fascinating relationship between Chaucer and children s interests This book examines in detail Chaucer stories retold for children both the texts and the illustrations which are excellent examples of the verbal and visual storytelling that are very important in children s literature The popularity of certain Chaucer stories their adjustment for children and the historical political educational and social contexts of the retellings reveal Victorian and Edwardian attitudes The author also considers how retellings of Chaucer stories contributed to the traditional view of Chaucer as the Father of English and how this view of him was developed at the turn of the twentieth century as part of an expansion of general education and English studies

If Only God Used His Brain Snofla Sacul,2011-08-15 In order to understand this provocative article as my personal analogy that is concerning my outlook on life and religion especially my critical view referring to the creation of our universe and life including all diseases here on earth I will try my best to present my analogy in a most rational way explaining all the short comings in reference to our life including my belief in the Judeo Catholic religion I will especially scrutinize the Judeo Christian religion to which I was introduced in my childhood Unfortunately history and my passed life are now in a distant passed Yes I soon realized that I had to change my stalemated view on life to which I was introduced in my childhood I had to bring it to a platform of a new concept to view Nature and religion from a different angle to a platform of reality As for myself I sense a negative opinion as to my most open and forward references concerning religion and God Some may call me The Diablo s Incarnates Surely each one of us has the privilege to his own opinion This book has no intention to change anyone s mind Its porpoise is to expose the hidden truth which may never be exposed to you otherwise I also would like to point out that in many instances I have repeated myself only to accentuate and highlight the subject in a given paragraph In anticipated criticism and religious hate I am asking to stay anonymous for various reasons If truth is the reason to hate and cause mental unhappiness then one must have objection to the existence of God as God is the only truth *Angels Aid* Sandra Rea,2016-12-09 A gentle introduction to meditation with the Angels to help promote calm balance and greater well being in your child If your child has a cut or a scrape you turn to your first aid kit Angels Aid is like a first aid kit for emotional upsets but it is also much more The meditations in this book will help your child to sleep better improve their concentration strengthen the immune system encourage healthy eating and help to bring about emotional balance by decreasing anxiety and promoting relaxation Through use of the guided meditations your child will also learn how to visualise expand creativity and follow simple instructions The beautifully scripted angel meditations are written in a way that you can easily read to your child and teach them to meditate even if you have never meditated before The book is laid out so that each chapter broaches an area of concern such as behavioural issues so that you can deal with challenging situations head on while also helping your child become more happy and healthy through the practice of meditation Education and the Culture of Print in Modern America Adam R.
