following the COVID-19 pandemic Janet L. Wale,Sally Wortley,Marie-Pascale Pomey,2023-05-09 Archaeology as Long-Term History Ian Hodder,1987-08-06 This contributory volume emphasises the archaeological significance of historical method and philosophy **Cumulated Index Medicus** ,2000 Community-based Water Law and Water Resource Management Reform in Developing Countries Mark Giordano,John Butterworth,2007-01-01 The fifteen chapters of this book analyse the living community based water laws in Africa Latin America and Asia and critically examine the interface between community based water laws formal water laws and a variety of other key institutional ingredients of on going water resources management reform

The Economics of Public Enterprise V. V. Ramanadham,2019-02-11 Public enterprises have played a central part in the development of all mixed economies in the post war period but they are now in a crisis phase Privatisation has pushed back the level of public enterprise almost throughout the world Where public enterprises remain they are being brought under significant reforms Originally published in 1991 this book presents a comprehensive critique of public enterprise analysing why its performance has fallen far short of expectations Part one is concerned with the establishment of public enterprises the case for them the circumstances in which they emerged the extra enterprise objectives attached to them and the decisions on their investment feasibility and capital structure Part two looks at the working of public enterprises the state of their financial performance the peculiarities of pricing the determination of targets which they should meet the continuous monitoring and evaluation of their operations Macro concerns are the focus of Part three Among the issues addressed are the level of indirect taxation and subsidisation implicit in the pricing structures of public enterprises the links between public enterprise and the public exchequer and the implications of their operations for distributional equity In Part four the extent to which privatisation can solve the problems of public enterprise is discussed The book ends with some broad conclusions on the future of public enterprise Throughout the approach is analytical but the arguments are supported by extensive examples from both developed and developing economies

Energy Abstracts for Policy Analysis ,1985-07 **Minerals Yearbook** ,2012 **Minerals Yearbook** Mines Bureau,Geological Survey,Interior Department,2015-08-15 The Minerals Yearbook is an annual publication that reviews the mineral and material industries of the United States and foreign countries The Yearbook contains statistical data on materials and minerals and includes information on economic and technical trends and development The Minerals Yearbook includes chapters on approximately 90 commodities and over 175 countries This volume of the Minerals Yearbook provides an annual review of mineral production and trade and of mineral related government and industry developments in more than 175 foreign countries Each report includes sections on government policies and programs environmental issues trade and production data industry structure and ownership commodity sector developments infrastructure and a summary outlook **Fostering Long-Term**

Sustainable Development in Africa David Mhlanga, Mufaro Dzingirai, 2024-08-31 This book provides a broad and insightful guide to the economic social and environmental concerns seen within Africa It highlights the central economic challenges faced by African countries and outlines ways in which long term sustainable development in Africa can be achieved A particular focus is given to issues of poverty inequality and unemployment and how poor infrastructure limited healthcare and education and environmental deterioration are exacerbating these issues By looking at the limited effectiveness of traditional development initiatives a new framework for economic development is presented that focuses on community ownership and long term sustainability and which acknowledges the history of colonisation economic exploitation and political instability that has held Africa back in the past This book takes hope from countries within the Global South that have moved towards sustainable development and sets out ways in which other countries can follow them It will be relevant to students researchers and policymakers interested in development and environmental economics *Index Medicus*, 2001
