Tan-Mullins, Daphne Chang, Giles Mohan, 2014-06-12 China's recent stepping up of relations with Africa is one of the most
significant developments on the African continent for decades For some it promises an end to Africa's dependent aid
relationships as the Chinese bring expertise technology and a stronger business focus But for others it is no more than a new
form of imperialism This book is the first to systematically study the motivations relationships and impact of this migration It
focuses not just on the Chinese migrants but also on the perceptions of and linkages to their African hosts By studying this
