Congressional Record , *Coyote's Swing* David Edward Walker,2023-12-01 A Native foster youth brings a completed Pfizer Corporation s PTSD Self Quiz she found in a U S Indian Health Service clinic waiting room to her psychologist hoping a new diagnosis will allow her to discontinue her current stimulant medication After advocating on her behalf and that of other Native clients in his care the psychologist is put on a performance improvement plan by clinic supervisors Subsequently a nurse practitioner at the clinic sends a letter to the Secretary of the U S Department of Health and Human Services regarding concerns over poor medical care and infection control only to be transferred out shortly after Coyote s Swing reveals how the U S mental health system reframes Native American reactions to oppression and marginalization into mental disorders and mental illness Contemporary practices of the Indian Health Service echo historical Indian lunacy determinations false imprisonment in the Hiawatha Asylum for Insane Indians stigmatizing of Native children kidnapped to federally and mission run boarding schools as feebleminded sterilizing of Native people evaluated by white psychologists as unfit to reproduce and long standing doctrines of impairment and deficiency foreign to Native values of spiritual balance and wellbeing Immersed in this system and its history for two decades David Edward Walker develops provocative connections between past and present while using a traditional Yakama tale as a motif Combining narrative ease and a scholar s eye he exposes how the white man s Cat continues to push Coyote Sacred Trickster on a swing of Western mental health ideology that has threatened Native lives and culture for over 150 years Coyote s Swing combines Walker s firsthand experiences as a consulting psychologist with rare history and sociocultural critique *Managing and Improving School Attendance and Behaviour* Ken Reid,2017-10-02 This new book on school attendance and behaviour brings an international flavour to the field with contributions on some of the latest empirical research and thinking from around the world It includes contributions from Canada and the USA Hong Kong Europe the United Kingdom and Ireland Some of the interesting wide ranging and often unique topics covered in the book include truancy and well being disaffection pupil absenteeism social mediation aggression in primary schools bullying emotional barriers to learning behaviour management training exclusion reintegration the role of educational psychologists and ethnic diversity and classroom disruption in the context of migration policies The book should prove both helpful and useful for a wide range of professionals students and academics across a wide range of educational care and social policy disciplines This book was originally published as a special issue of Educational Studies

Working-Class Utopias Robert M. Fogelson,2022-10-18 One of the nation s foremost urban historians traces the history of cooperative housing in New York City from the 1920s through the 1970s As World War II ended and Americans turned their attention to problems at home union leaders and other prominent New Yorkers came to believe that cooperative housing would solve the city s century old problem of providing decent housing at a reasonable cost for working class families Working Class Utopias tells the story of this ambitious movement from the construction of the Amalgamated Houses

after World War I to the building of Co op City the world s largest housing cooperative four decades later Robert Fogelson brings to life a tumultuous era in the life of New York drawing on a wealth of archival materials such as community newspapers legal records and personal and institutional papers In the early 1950s a consortium of labor unions founded the United Housing Foundation under the visionary leadership of Abraham E Kazan who was supported by Nelson A Rockefeller Robert F Wagner Jr and Robert Moses With the help of the state which provided below market rate mortgages and the city which granted tax abatements Kazan s group built large scale cooperatives in every borough except Staten Island Then came Co op City built in the Bronx in the 1960s as a model for other cities but plagued by unforeseen fiscal problems culminating in the longest and costliest rent strike in American history Co op City survived but the United Housing Foundation did not and neither did the cooperative housing movement Working Class Utopias is essential reading for anyone seeking to understand the housing problem that continues to plague New York and cities across the nation **Meltdown** Larry Kirsch,Gregory D. Squires,2017-03-09 Meltdown reveals how the Consumer Financial Protection Bureau was able to curb unsafe and unfair practices that led to the 2008 financial crisis In interviews with key government industry and advocacy groups along with deep archival research Kirsch and Squires show where the CFPB was able to overcome many abusive practices where it was less able to do so and why Open for business in 2011 the CFPB was Congress s response to the financial catastrophe that shattered millions of middle class and lower income households and threatened the stability of the global economy But only a few years later with U S economic conditions on a path to recovery there are already disturbing signs of the re emergence of the high risk high reward credit practices that the CFPB was designed to curb This book profiles how the Bureau has attempted to stop abusive and discriminatory lending practices in the mortgage and automobile lending sectors and documents the multilayered challenges faced by an untested new regulatory agency in its efforts to transform the broken but lucrative business practices of the financial services industry Authors Kirsch and Squires raise the question of whether the consumer protection approach to financial services reform will succeed over the long term in light of political and business efforts to scuttle it Case studies of mortgage and automobile lending reforms highlight the key contextual and structural conditions that explain the CFPB s ability to transform financial service industry business models and practices Meltdown The Financial Crisis Consumer Protection and the Road Forward is essential reading for a wide audience including anyone involved in the provision of financial services staff of financial services and consumer protection regulatory agencies and fair lending and consumer protection advocates Its accessible presentation of financial information will also serve students and general readers **The Central Provinces Gazette** Central Provinces (India),1936 **In Praise of American Educators** Richard DuFour,2015-07-20 Explore the state of education today In this thought provoking book the author presents a compelling case for why contemporary American educators are the greatest generation in history He carefully explains why current national reform policies have failed and presents specific steps policymakers administrators

and teachers must take to transform American schools to meet student needs in the 21st century *The Working Class*, 2015 **Breaking Point** Rebecca Schwartz Greene, 2023-01-03 WINNER SOCIETY FOR MILITARY HISTORY DISTINGUISHED BOOK AWARDS FIRST BOOK This book informs the public for the first time about the impact of American psychiatry on soldiers during World War II Breaking Point is the first in depth history of American psychiatry in World War II Drawn from unpublished primary documents oral histories and the author's personal interviews and correspondence over years with key psychiatric and military policymakers it begins with Franklin Roosevelt's endorsement of a universal Selective Service psychiatric examination followed by Army and Navy pre and post induction examinations Ultimately 2.5 million men and women were rejected or discharged from military service on neuropsychiatric grounds Never before or since has the United States engaged in such a program In designing Selective Service Medical Circular No 1 psychiatrist Harry Stack Sullivan assumed psychiatrists could predict who might break down or falter in military service or even in civilian life thereafter While many American and European psychiatrists questioned this belief and huge numbers of American psychiatric casualties soon raised questions about screening's validity psychiatric and military leaders persisted in 1942 and 1943 in endorsing ever tougher screening and little else Soon families complained of fathers and teens being drafted instead of being identified as psychiatric 4Fs and Blacks and Native Americans among others complained of bias A frustrated General George S Patton famously slapped two malingering neuropsychiatric patients in Sicily a sentiment shared by Marshall and Eisenhower though they favored a tamer style Yet psychiatric rejections evacuations and discharges mounted While psychiatrist Roy Grinker and a few others treated soldiers close to the front in Tunisia in early 1943 this was the exception But as demand for manpower soared and psychiatrists finally went to the field and saw that combat itself not predisposition precipitated breakdown leading military psychiatrists switched their emphasis from screening to prevention and treatment But this switch was too little too late and slowed by a year long series of Inspector General investigations even while numbers of psychiatric casualties soared Ironically despite and even partly because of psychiatrists wartime performance plus the emotional toll of war postwar America soon witnessed a dramatic growth in numbers popularity and influence of the profession culminating in the National Mental Health Act 1946 But veterans with PTSD not recognized until 1980 were largely neglected *The United States Army and Navy Journal and Gazette of the Regular and Volunteer Forces*, 1874
