2014 Limpopo Province Grade 12 Learners Self Study Guide:

Geography Teacher Education and Professionalization Eyüp Artvinli, Inga Gryl, Jongwon Lee, Jerry T.

Mitchell, 2022-11-02 This book focuses on how current and prospective teachers worldwide are prepared for the significant task of teaching geography given the important role of teachers. It eschews a traditional career-centric framework pre-service in-service teaching in favor of a topical approach toward issues that all teachers face. The book updates thinking on geography education subfields such as GI education and fieldwork and traces important contemporary discourses such as digitalization and sustainability. The book further explains the broad variety of institutionalization of geography teacher education in various political systems. In short, this book collects strategies for geography teacher educators worldwide to provide insight into the challenges, conditions, and solutions present at the classroom and institutional level. As such, this book is a must-have for teacher educators and geography teachers worldwide.

Management Teams in Curriculum Delivery Mawela, Ailwei Solomon, van Wyk, Micheal M., Lebeloane, Lazarus, Mudau, Awelani V., 2021-06-25 The COVID-19 pandemic has introduced a new paradigm in education that has forced school management teams to re-imagine their curricula delivery functions and obligations during and post COVID-19. Now there are concerns about the state to which curriculum delivery in schools is likely to become planned, implemented, and managed. Investigating the Roles of School Management Teams in Curriculum Delivery improves the quality of planning, implementation, and management of curriculum delivery to advance the quality of teaching and learning in schools. Particularly, it envisages innovative strategies, best practices, and addresses problems in the planning, implementation, and delivery of curricula by school management teams. Covering topics such as curriculum delivery theory, curriculum delivery in planning, implementation, and management during and post COVID-19, curriculum delivery in assessment and alternative assessment, and reimagining inclusivity in curriculum delivery, this edited book is essential for departmental heads, deputy principals, education district officials, department of basic education curriculum designers, instructional designers, administrators, academicians, university teachers, researchers, and postgraduate students.
