business data Handbook of Mobile Learning Zane L. Berge, Lin Muilenburg, 2013-06-19 Winner of the AECT Division of

Distance Learning DDL Distance Education Book Award This handbook provides a comprehensive compendium of research in

all aspects of mobile learning one of the most significant ongoing global developments in the entire field of education Rather

than focus on specific technologies expert authors discuss how best to utilize technology in the service of improving teaching

and learning For more than a decade researchers and practitioners have been exploring this area of study as the growing

popularity of smartphones tablets and other such devices as well as the increasingly sophisticated applications for these

devices has allowed educators to accommodate and support an increasingly mobile society This handbook provides the first

authoritative account of the theory and research that underlies mobile learning while also exemplifying models of current

and future practice
