Transformative Fictions Daniel Just, 2022-07-27 Transformative Fictions World Literature and Personal Change engages with current debates in world literature over the past twenty years addressing the nature of literary influence in centers and peripheries the formation of transnational literary and pedagogical canons and the role of translation and regionalism in how we relate to texts from around the globe The author Daniel Just argues for a supranational but sub global perspective of regions that emphasizes practical reasons for reading and focuses on the potential of literary texts to stimulate personal transformation in readers One of the recurring dilemmas in these debates is the issue of delimitation of world literature The trouble with the world as a frame of reference is that no single researcher is bound to have the in depth knowledge and linguistic skills to discuss works from all countries In response this book revives literary theory and recasts it for the purposes of world literature by making a case for the continuing relevance of literature in the age of new media With the examples of fictional and nonfictional writings by Milan Kundera Witold Gombrowicz and Bohumil Hrabal Just shows that regional literatures offer differing methods of activating readers and thereby prompting personal change This book would be of general interest to anyone who wants to explore personal change through literature but is particularly indispensable for literary professionals researchers and postgraduate and graduate students *Honor Under Siege* Radclyffe, 2007-06-19 The sixth in the Honor Series With the nation on the verge of war security takes on new meaning for Secret Service Agent Cameron Roberts whose lover just happens to be the President's daughter First daughter Blair Powell and her secret Secret Service agent lover Cameron Roberts intend to get married with her father's blessing But being in the spotlight isn't the safest place to be in a country still reeling from 9/11 and with the domestic terrorists who tried to assassinate Blair still at large Cam doesn't want to give up the reins of control when Blair's life is at stake but there are other dangers at home and abroad that the President needs her to investigate including the whereabouts of her previous lover Valerie Ross The next in the Honor series is novel of romance and intrigue in a world gone mad *Word of Honor* Radclyffe, 2008-06-17 The seventh in the Honor Series All Cameron Roberts and Blair Powell want is a small intimate wedding but the paparazzi and a domestic

terrorist have other plans First Daughter Blair Powell and her lover Cameron Roberts newly appointed deputy director of the Homeland Security Office escape to a ski chalet in the Rockies after a harrowing attack by members of a domestic terrorism organization Under orders from the White House Blair reluctantly allows a member of the enemy camp investigative reporter Dana Barnett to join her inner circle in the hopes of limiting her media exposure Dana isn't any happier about being pulled from her coverage of the escalating conflict in the Middle East to write a society fluff piece although the presence of beautiful Dr Emory Constantine does make the assignment a little more enticing With the nation under attack the world on the verge of war and their personal lives the focus of intense public scrutiny Cam and Blair come under fire both publicly and privately when an old nemesis resurfaces intent on finishing his holy mission to kill Blair Powell **The Hummingbird**
