101 Developmental Concepts Workouts For Cross Country Runners:

One Hundred and One Developmental Concepts & Workouts for Cross Country Runners Jason Karp, 2010

Evidence-Based Training for Track and Cross Country Coaches Dr. Matthew Buns, Dr. Jedediah E. Blanton, Christine E. Pacewicz, 2018-06-30 Evidence based Training for Track and Cross Country Coaches is designed to help make practice more effective by orienting readers towards the findings of research and in making training decisions based on science It is written primarily for practicing coaches who need to investigate the research relating to a training issue or problem and to share what they learn with athletes The book is also intended for distance runners themselves who also need to interpret findings from the track and cross country literature The goal of this book is to help readers apply research findings into practice This is an important goal because a vast body of information and ideas are contained in the relevant track and cross country research literature Evidence based Training for Track and Cross Country Coaches provides knowledge and insights that are relevant to virtually any practical problem related to training methods nutrition physiology psychology or biomechanics Coaches who are able to locate and interpret research information that relates to the problems that arise in practice will be in a position to make sounder decisions than someone who relies solely on personal experience or other s opinions

Running a Marathon For Dummies Jason Karp, 2012-10-18 Get ready to run the race of your life Marathons in the U S have seen record increases in participation during the past few years Running a Marathon For Dummies helps aspiring marathon runners prepare to successfully complete their first race and shows experienced runners how to take their game to the next level Running a Marathon For Dummies gives you exercises programs and tips to improve your running stamina speed and overall health It takes you from sitting on the couch through running your first 26 2 mile marathon and beyond For seasoned runners Running a Marathon For Dummies offers tips and advice for how to continue improving performance through drills exercises and other techniques Provides a timed training promise for runners of all skill levels from non runners first marathoners and mid race runners to more experienced runners Includes information on how running increases heart strength keeps illnesses away keeps arteries clear and improves a person s mood Gives you drills exercises and techniques to improve your endurance Whether you re a couch potato or a regularly hit the asphalt Running a Marathon For Dummies gives you everything you need to run the race of your life

Lose It Forever Jason R. Karp, 2020-08-11 Discover how to lose weight by learning what s worked for others across America Don t rely on your neighbor s latest gym stories or diet fad Lose It Forever is a cutting edge self help book based on data from the National Weight Control Registry Inside you ll learn what s worked for the thousands of others trying to lose weight fast and keep it there Despite the overflowing bookshelves of dieting tips and health books the United States remains the most overweight country in the world Most people who work towards successful fat loss just gain weight back a few weeks later And frankly many of us are just always hungry or overeating So what s unique about those who succeed The answer is buried deep in the archives at the Weight Control and

Diabetes Research Center home to the largest study of successful long term weight loss maintenance The National Weight Control Registry includes data from more than ten thousand individuals about their weight nutrition and fitness habits and weight management strategies This is where Jason Karp comes in a nationally certified coach medical doctor devoted to healthy living and the founder of the REVO2LUTION RUNNING™ certification program In his unique food book he boils data down into actionable tips and wellness strategies for your everyday life Inside you ll learn that not all carbs are bad eating can increase energy and maintainable ways to Monitor your fats carbohydrates and protein Exercise a lot daily Control your calorie intake with diets that work Praise for Lose It Forever A must read primer for anyone who has worked hard to lose weight and wants to keep it off Jason s extensive data research and six practical habits make weight loss attainable As a fellow fitness professional it s always a pleasure to refer clients to other colleagues such as Jason who can bring a different perspective to getting fit and healthy Tamilee Webb MA star of Buns of Steel

Work Out Jason R. Karp, 2022-06-01 Physical conditioning literally changes you on the inside It strengthens your belief in yourself and what you can do It fills the hole created by insecurity By working on your outside Body you can actually alter your inside physiology change your Brain chemistry and change your outlook on life and on yourself In this transformative book Work Out reminds us that the human existence is physical and when you train your Body from the outside in rather than from the inside out profound changes occur to your Brain which stimulate your Mind and your approach to life

14-Minute Metabolic Workouts Jason R. Karp, 2017-06-27 Time It is the thing that most people claim they don t have enough of and the lack of it is the most common excuse for not exercising But everyone has 14 minutes 14 Minute Metabolic Workouts is the solution to everyone s time problem in that it offers fitness conscious people a variety of compact science based workouts that target the five components of physical fitness cardiovascular endurance muscular endurance muscular strength body composition and flexibility This complete guide includes information on cardio intervals strength circuits sprint intervals muscle power workouts and flexibility workouts for people of different fitness levels to address everyone s individual needs The book which features photos to accompany the exercise descriptions also includes workouts that can be done at the gym at home or outside If that s not enough the last chapter contains a cleverly crafted menu of workouts so that readers can choose their own daily workout and create an individualized weekly training program The perfect gift for anyone trying to lose weight and get fit

The Inner Runner Jason R. Karp, 2016-04-12 Why are so many people drawn to running Why is running the most common physical activity What is it about running that empowers so many people And how can runners harness that power to create a more meaningful life The Inner Runner addresses these questions and a whole lot more This book is not about how to get faster or run a marathon rather it explores how the simple act of putting one foot in front of the other helps you harness your creative powers Learn about the psychological emotional cognitive and spiritual benefits of running and introduce lifestyle changes based on the latest scientific research on running and its effects on hormones and the brain As a

nationally recognized running and fitness coach with a PhD in Exercise Physiology Jason Karp brings his expertise in science based coaching to runners of all levels He believes that running gives you a chance to discover challenge and bring out the best in yourself by impacting your creativity focus imagination confidence and health Let The Inner Runner help you become not only a better runner but a more creative productive and imaginative person Skyhorse Publishing as well as our Sports Publishing imprint is proud to publish a broad range of books for readers interested in sports books about baseball pro football college football pro and college basketball hockey or soccer we have a book about your sport or your team In addition to books on popular team sports we also publish books for a wide variety of athletes and sports enthusiasts including books on running cycling horseback riding swimming tennis martial arts golf camping hiking aviation boating and so much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home
