interaction of people tasks and equipment and technology in the pursuit of a goal It recognizes this interaction occurs within and is influenced by the broader environmental context A key premise of human systems integration is that much important information is lost when the various tasks within a system are considered individually or in isolation rather than in interaction with the whole system Improving Self Escape from Underground Coal Mines the task of self escape is part of the mine safety system Federal Register ,2006-08 **Popular Mechanics** ,1972-01 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it s practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle **Scientific and Technical Aerospace Reports** ,1986 **BA Escape Repair Manual** Ford Motor Company,2001-03-01 MD Anderson Manual of Psychosocial Oncology James D.
