LAB 7 EXAM QUESTIONS AND CORRECT ANSWERS (marked yellow color) Concordia University

Lab 7

- Perfectly competitive firms **do not** have competitive behaviour because
 - government legislation prevents it.
 - the firms are regulated.
 - the actions of any one firm would have no effect on any other firm.**
 - None of the above.
- The _____ market power the firms have, the _____ competitive the market structure is.
 - more; more
 - less; less
 - less; more**
 - None of the above.
- Fill in the blanks to make the following statements correct. In addition to the key assumption that firms maximize profits, there are four more assumptions about the theory of perfect competition. They are:
 - The firms in the industry produce a product that is **homogeneous**.
 - Consumers have full information about the product and they know its **price**.
 - Each firm is **price** taker to the rest of the industry.
 - The industry is characterized by freedom of **entry and exit**.
- Fill in the blanks to make the following statements correct.
 - The demand curve faced by a single firm in a perfectly competitive market is **horizontal**.
 - The demand curve faced by a single firm in a perfectly competitive industry coincides with the firm's **average and marginal revenue** curves.
 - Total revenue is calculated as **price $\times$ quantity**. Average revenue is calculated as **total revenue / output quantity**. Marginal revenue is calculated as **change in total revenue / change in output quantity**.
 - A firm's loss when it produces no output is equal to its **total fixed cost**.
- The figures below illustrate the difference between the demand curve for a competitive industry and the demand curve facing an individual firm in that industry. Review these figures and answer the following questions.

- If the individual firm tried to charge a higher price for its product,
 - the market price would rise.
 - other firms would also charge a higher price.
 - other firms would charge a lower price.
 - it would lose its customers.**
- The individual firm has no incentive to charge a lower price for its product because
 - revenue and profit would be lower but the market price would be unchanged.**
 - the effect on revenue and profits is unpredictable.
 - revenue and profit would be lower but the market price would fall slightly.
 - revenue and profit would be unchanged.
- The demand curve for an individual firm is horizontal at the current market price because
 - the firm adjusts to the market price.
 - any change in the firm's output has virtually no effect on industry output.**
 - the market price is constant.
 - changes in the firm's output also change the market price.
- The price elasticity of demand faced by an individual wheat farmer would come closest to which following value?
 - 0.00007
 - 0.7

The Economics of Health and Health Care Sherman Folland, Allen Charles Goodman, Miron Stano, 2016-05-23 For courses in Health Economics U S Health Policy Systems or Public Health taken by health services students or practitioners the text makes economic concepts the backbone of its health care coverage Folland Goodman and Stano's book is the bestselling Health Care Economics text that teaches through core economic themes rather than concepts unique to the health care economy This edition contains revised and updated data tables where applicable The advent of the Patient Protection and Affordable Care Act PPACA in 2010 has also led to changes in many chapters most notably in the organization and focus of Chapter 16

Error in Economics Julian Reiss, 2016-02-04 What is the correct concept behind measures of inflation Does money cause business activity or is it the other way around Shall we stimulate growth by raising aggregate demand or rather by lowering taxes and thereby providing incentives to produce Policy relevant questions such as these are of immediate and obvious importance to the welfare of societies The standard approach in dealing with them is to build a model based on economic theory answer the question for the model world and then apply the results to economic phenomena outside Data come in if at all only in testing a limited number of the model's consequences Despite some critical voices economic methodology too has by and large subscribed to a theory first approach to applied economics Error in Economics systematically develops an alternative to the theory based orthodoxy It places the methodical study of evidence at the centre of the scientific enterprise and thus provides a foundation for a methodology of evidence based economics But the book does not stop at the truism that claims should be based on the best available evidence Rather detailed studies in the areas of measurement causal inference and policy analysis show what it means for a claim to be evidence based in the context of a concrete case The examples discussed concern topics as diverse as consumer price indices radio spectrum auctions the transmission mechanism natural experiments on minimum wages and the evaluation of counterfactuals for policy Error in Economics is essential reading for economic methodologists philosophers of science and anyone interested in how claims about socio economic matters are validated

Economics of Water Resources The Contributions of Dan Yaron Ariel Dinar, David Zilberman, 2012-12-06 Colleagues and friends of Dan Yaron submitted the following tributes While each submission comes from an individual who knew Dan in a very different way they all remark on his immeasurable contributions to the field of agricultural economics his unique approach which combines his training and experience with his scientific background and the admirable professionalism and civility that was apparent in every project he undertook His work initially inspired by the challenge of farmers in the arid Negev eventually took him to the United States to work with universities and to serve on commissions furnishing his research with global applicability Dan is not only admired for his enormous contributions to the vast body of research available in his field but also for the commitment and dedication he epitomized He will be greatly missed by those of us who were fortunate enough to make his acquaintance ELIFEINERMAN

The Hebrew University of Jerusalem Rehovot Israel Dan Yaron my teacher and mentor of blessed memory was a man of wisdom thought counsel and deeds His many talents his endless energy and his ambition led him to blaze new trails in research to ask the relevant questions while separating the wheat from the chaff and to answer them while mastering the most advanced scientific analyses

50 x 50 Isabel Günther, Kenneth Harttgen, Melanie Grosse, Sebastian Vollmer, 2017-03-31 The fact that Stephan Klasen can always give a precise answer to very complicated or even complex questions inspired the idea for this book We asked 50 development economists and friends of Stephan around the world to answer 50 serious and not so serious questions about development research and policy We were extremely impressed with everyone's willingness to leave the comfort zone of academia and the safety of long winded answers by approaching what could be seen as big complicated questions with short sometimes witty and frequently sincere responses
