The 100 Absolutely Unbreakable Laws of Business Success Brian Tracy, 2000 One of the world's most popular business speakers reveals the techniques principles and laws that govern all business activity

The Irrational Mind Spencer J. Fraseur, 2020-10-12 Having an understanding of the human mind and how it functions is probably the single most important thing anyone who wants to be successful can do We make thousands of decisions every day In fact research suggests that an adult brain makes on average about 35 000 remotely conscious decisions on a daily basis When we were younger choices were most likely simple As we get older our level of responsibility increases and so does the amount of choices that we are faced with on a daily basis With ever increasing choices and responsibility at least our decision making process stays the same right In actuality our decision making process is broken It s warped and sometimes even shattered by cognitive bias Why are we so afraid of sharks or plane crashes yet continue to do far more dangerous things Why do we instinctively look for patterns to inform our decision making and bring meaning to our world Why can t we listen to reason when we need it most Join Spencer Fraseur through a journey of real stories of flawed logic and bad behavior in business and in life to discover what can be done to overcome the hidden forces that impact our everyday decisions

No One Understands You and What to Do About It Heidi Grant Halvorson,2015-03-24 Achieve authenticity Have you ever felt you re not getting through to the person you re talking to or not coming across the way you intend You re not alone That s the bad news But there is something we can do about it Heidi Grant Halvorson social psychologist and bestselling author

explains why we're often misunderstood and how we can fix that. Most of us assume that other people see us as we see ourselves and that they see us as we truly are. But neither is true. Our everyday interactions are colored by subtle biases that distort how others see us and also shape our perceptions of them. You can learn to clarify the message you're sending once you understand the lenses that shape perception. Trust: Are you friend or foe? Power: How much influence do you have over me? Ego: Do you make me feel insecure? Based on decades of research in psychology and social science, Halvorson explains how these lenses affect our interactions and how to manage them. Once you understand the science of perception, you'll communicate more clearly, send the messages you intend to send, and improve your personal relationships. You'll also become a fairer and more accurate judge of others. Halvorson even offers an evidence-based action plan for repairing a damaged reputation. This book is not about making a good impression, although it will certainly help you do that. It's about coming across as you intend. It's about the authenticity we all strive for.

Adapt Andrea Clarke, 2025-03-05
Transform your life and your career with the four steps to adapt effectively to change: Engage, Accept, Activate, Release. A powerful playbook to lead change.
Dominic Price, Atlassian
After the global pause in 2020, we returned to a world that feels faster, looser, and less structured. Our professional boundaries have been erased, social and cultural norms are shifting rapidly, and at the same time, we're facing profound developments in artificial intelligence. We're facing more change more often, yet we're applying a mindset that is outdated and no longer fit for purpose. *Adapt* offers a fresh perspective. Andrea Clarke, the award-winning author of *Future Fit*

argues that rather than retreat from change or resist it we must engage with it continuously and learn how to anticipate and shape it She will teach you practical tools including how to scan for signals of change to minimise disruption apply the good advice test to make better decisions use the 80 20 rule to explore unseen opportunities and protect your health with the energy curve Whether you re striving to be a better leader or seeking more control over your life Adapt will equip you with a new way to master change in an unpredictable world This book reframes change as a powerful tool for growth opportunity and meaningful progress
