The Third Asiatic Invasion Rick Baldoz, 2011-02-28 Winner of the 2012 2013 Asian Pacific American Librarian's Association Book Award Winner of the 2013 American Sociological Association's Asia and Asian America Section Distinguished Book Award The first half of the twentieth century witnessed a wave of Filipino immigration to the United States following in the footsteps of earlier Chinese and Japanese immigrants the first and second Asiatic invasions Perceived as alien because of their Asian ethnicity yet legally defined as American nationals granted more rights than other immigrants Filipino American national identity was built upon the shifting sands of contradiction ambiguity and hostility Rick Baldoz explores the complex relationship between Filipinos and the U S by looking at the politics of immigration race and citizenship on both sides of the Philippine American divide internationally through an examination of American imperial ascendancy and domestically through an exploration of the social formation of Filipino communities in the United States He reveals how American practices of racial exclusion repeatedly collided with the imperatives of U S overseas expansion A unique portrait of the Filipino American experience The Third Asiatic Invasion links the Filipino experience to that of Puerto Ricans Mexicans Chinese and Native Americans among others revealing how the politics of exclusion played out over time against different population groups Weaving together an impressive range of materials including newspapers government reports legal documents and archival sources into a seamless narrative Baldoz illustrates how the quixotic status of Filipinos played a significant role in transforming the politics of race immigration and nationality in the United States

National Parks, 1997-07 The flagship publication of the National Parks Conservation Association National Parks Magazine circ 340 000 fosters an appreciation of the natural and historic treasures found in the national parks educates readers about the need to preserve those resources and illustrates how member contributions drive our organization's park protection efforts National Parks Magazine uses images and language to convey our country's history and natural landscapes from Acadia to Zion from Denali to the Everglades and the 387 other park units in between

Restoration Ecology Jelte van Andel, James Aronson, 2012-05-21 Enlarged enhanced and internationalized edition of the first restoration ecology textbook to be published with foreword by Dr Steven Whisnant of Texas A M University and Chair of the Society of Ecological Restoration Since 2006 when the first edition of this book appeared major advances have taken place in restoration science and in the practice of ecological restoration Both are now accepted as key components of the increasingly urgent search for sustainability at global national and community levels hence the phrase New Frontier in the title While the first edition focused on ecosystems and landscapes in Europe this new edition covers biomes and contexts all over the world Several new chapters deal with broad issues such as biological invasions climate change and agricultural land abandonment as they relate to restoration science and ecological restoration Case studies are included from Australia North America and the tropics This is an accessible textbook for senior undergraduate and graduate level students and early career scientists The book also provides a solid

scientific background for managers volunteers and mid career professionals involved in the practice of ecological restoration

Review of the first edition I suspect that this volume will find its way onto the shelves of many restoration researchers and practitioners and will be used as a key text in graduate courses where it will help fill a large void My own copy is already heavily bookmarked and will be a constant source of research ideas and lecture material
