Online platforms - new actors of the food chain Amina Lattanzi, 2023-11-07 Food e commerce is a fast developing

market Regrettably the number of products exchanged on the web that may be harmful to consumers is also steadily rising This development poses challenges for controlling authorities and legislators in their mission to protect EU consumers health and economic interests leading to a lively discussion on the status and role of e platforms in the age of food online Responsibilities and liabilities in the online food chain are not yet clearly defined and seem to be stuck between stringent safety regulation and immunity to promote innovation Standing at the intersection of law food and digital technology Online platforms new actors of the food chain looks at the development of food online and documents how and whether EU regulators and courts have been addressing the many challenges this development raises especially in terms of food information and who is responsible for it

Information Trapping Tara Calishain,2006-12-07 How many times have you run a Google search that resulted in thousands of results With over 8 billion pages online and more posted every day the Web more than likely contains the information you re looking for if only you could find it In Information Trapping Real Time Research on the Web Internet search engine expert Tara Calishain makes researching more efficient and rewarding for anyone for whom the Web is an indispensable tool academics journalists scientists and professionals as well as bloggers genealogists and hobbyists She does so by teaching the latest techniques for building automated information gathering systems As an alternative to the typical one time search for information Tara demonstrates how readers can use RSS feeds page monitoring tools and other software to set up information streams of many different data types from text to multimedia to conversations for capture and review

A COUNTRY WITH A LOT OF POSSIBILITIES JAVIER CLEMENTE ENGONGA AVOMO, Few countries in the world have a real chance of being free independent and prosperous as the Republic of Equatorial Guinea But trying to reinvent the wheel so often calls into question not only the credibility but also the efficiency of trying to build castles on sand Many regions have missed the opportunity to grow because of many bad decisions behind which only corruption and ignorance prevailed To fly without learning to walk is risky enough but to build a nation without national objectives without nationalism patriotism and brotherhood is to relive the past of subjugation to darkness It is true we are all Guineans but what some people feel for their brothers is often questioned when they oppress with all their decisions the well being of a majority that no longer knows how to express itself that apolitical majority that only asks and demands peace well being and prosperity because it is more than its right But to talk like this in this country is more than talking about politics it is offensive to those who tolerate neither justice nor freedom because to talk about peace is painful for those who destroy peace Javier Clemente Engonga 22 07 2021
