Anarchism Emma Goldman, 2018-05-07 Anarchism is the great liberator of man from the phantoms that have held him captive; it is the arbiter and pacifier of the two forces for individual and social harmony. To accomplish that unity, Anarchism has declared war on the pernicious influences which have so far prevented the harmonious blending of individual and social instincts: the individual and society, Religion, the dominion of the human mind, Property, the dominion of human needs, and Government, the dominion of human conduct. They represent the stronghold of man's enslavement and all the horrors it entails.
