Hennessey, 2023-12-14 This open access book demonstrates that despite different epistemological starting points history and speculative fiction perform similar work in making the strange familiar and making the familiar strange by taking their readers on journeys through space and time Excellent history like excellent speculative fiction should cause readers to reconsider crucial aspects of their society that they normally overlook or lead them to reflect on radically different forms of social organization Drawing on Gunl g Fur s postcolonial concept of concurrences and with contributions that explore diverse examples of speculative fiction and historical encounters using a variety of disciplinary approaches this volume provides new perspectives on colonialism ecological destruction the nature of humanity and how to envision a better future **The Science Fiction Source Book** David Wingrove, 1984 The science fiction source book is packed with information about writers novels short stories magazines and works of criticism Nordic Utopias and Dystopias Pia Maria Ahlbäck, Jouni Teittinen, Maria Lassén-Seger, 2022-11-24 The Nordic countries have long been subject to certain idealised even utopian imaginaries particularly with regard to images of pristine nature and the societal ideals of democracy equality and education On the other hand such projections inevitably invite dissent irony and intimations of the utopia s dark underside Things may yet take or may have already taken a dystopic course The present volume offers twelve contributions on utopias and dystopias in Nordic literature and culture Geographically the articles cover the Nordic countries of Denmark Finland Norway and Sweden as well as the autonomous area of Greenland Through the articles varied subjects ranging from avant garde literature and long poems to noir TV series young adult fiction popular historiography and political discourse in literature outside of Norden the volume brings forth a historically rich multi layered picture of social cultural and environmental imagination in the Nordic countries Nordic Utopias and Dystopias is thus of interest not only to specialists in dystopian and utopian research but more broadly to scholars of literature and culture and the political and social sciences especially but not exclusively in the Nordic context **Other worlds and the narrative construction of otherness** Esterino Adami, Francesca Bellino, Alessandro Mengozzi, 2017-10-10T00:00:00+02:00 The papers collected in this volume deal with the explorations of Science Fiction Fantasy and more generally the representation of otherness through the narrative construction of fantastic imaginary appalling or attractive places stories and figures Contributions are arranged in four main sections The first section Other spaces new worlds deals with Hindi and Arabic Science Fiction The second section Constructing forms of otherness analyses the narrative and psychological mechanisms that give forms to a stereotype or archetypical image of the threatening Other The third section Re shaping style s language s and discourse s of otherness is centred on the idea of language as a tool to build up styles genres and texts and literature as an escape from disappointing history and a cross cultural wandering space of narrative ghosts The fourth section Circulating fearful otherness tests the limits and heuristic potential of a philological
