Resources for Teachers this new book is an annotated guide to hands on inquiry centered curriculum materials and sources of help in teaching science from kindergarten through sixth grade

Companion volumes for middle and high school are planned The guide annotates about 350 curriculum packages describing the activities involved and what students learn

Each annotation lists recommended grade levels accompanying materials and kits or suggested equipment and ordering information

These 400 entries were reviewed by both educators and scientists to ensure that they are accurate and current and offer students the opportunity to Ask questions and find their own answers

Experiment productively Develop patience persistence and confidence in their own ability to solve real problems

The entries in the curriculum section are grouped by scientific area Life Science Earth Science Physical Science and

Multidisciplinary and Applied Science and by type core materials supplementary materials and science activity books

Additionally a section of references for teachers provides annotated listings of books about science and teaching directories and guides to science trade books and magazines that will help teachers enhance their students science education

Resources for Teaching Elementary School Science also lists by region and state about 600 science centers museums and zoos where teachers can take students for interactive science experiences

Annotations highlight almost 300 facilities that make significant efforts to help teachers

Another section describes more than 100 organizations from which teachers can obtain more resources

And a section on publishers and suppliers give names and addresses of sources for materials

The guide will be invaluable to teachers principals administrators teacher trainers science curriculum specialists and advocates of hands on science teaching and it will be of interest to parent teacher organizations and parents
