Absolute War Mark Hewitson, 2017 Wars have played a fundamental part in modern German history Although infrequent conflicts involving German states have usually been extensive and often catastrophic constituting turning points for Europe as a whole Absolute War is the first in a series of studies from Mark Hewitson that explore how such conflicts were experienced by soldiers and civilians during wartime and how they were subsequently imagined and understood during peacetime from Clausewitz and Kleist to Junger and Adorno Without such an understanding it is difficult to make sense of the dramatic shifts characterising the politics of Germany and Europe over the past two centuries The studies argue that the ease or reluctance with which Germans went to war and the far reaching consequences of such wars

on domestic politics were related to soldiers and civilians attitudes to violence and death as well as to long term transformations in contemporaries conceptualisation of conflict Absolute War reassesses the meaning of military conflict for the millions of German subjects who were directly implicated in the Revolutionary and Napoleonic Wars Based on a re reading of contemporary diaries letters memoirs official correspondence press reports pamphlets treatises plays and cartoons this volume refocuses attention on combat and conscription as the central components of new forms of mass warfare It concentrates in particular on the impact of violence killing and death on many soldiers and some civilians experiences and subsequent memories of conflict War has often been conceived of as an act of violence pushed to its utmost bounds as Clausewitz put it but the relationship between military conflicts and violent acts remains a problematic one

The Generation Jaff Schatz,2023-04-28 This book examines the lives of a remarkable generation of Polish Jewish Communists whose experiences embody the profound socio political upheavals of the 20th century Born around 1910 these individuals joined the Communist movement during the 1930s survived World War II in the USSR and rebuilt their lives in postwar Poland only to face defeat and exile in the late 1960s Their journey reflects both the unique intersection of Jewish and Polish histories and broader existential questions of ideology identity and human agency Through their revolutionary visions and struggles against oppressive systems they grappled with moral and ethical dilemmas shaped by historical forces they often could not control Their lives illustrate the broader dynamics of Central and Eastern Europe s modern history revealing the tensions between collective ideals and individual realities Drawing on extensive qualitative research including interviews questionnaires and archival materials this study captures the collective trajectory of this generation while honoring the individuality of their experiences It explores their radicalization revolutionary careers wartime experiences in the USSR and postwar struggles in Poland leading to their eventual downfall Combining historical and sociological perspectives the book seeks to uncover the patterns of identity action and social change that defined their lives In doing so it offers a panoramic view of their shared journey while also reflecting on the personal and political legacies of their generation The analysis serves as both a tribute to their extraordinary experiences and an invitation to consider the broader lessons of their history This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1991 *Encyclopedia of American Social Movements* Immanuel Ness,2015-07-17 This four volume set examines every social movement in American history from the great struggles for abolition civil rights and women s equality to the more specific quests for prohibition consumer safety unemployment insurance and global justice

The Oxford Handbook of the History of Communism S. A. Smith,2014 Draws on documentation released since the fall of the Soviet Union to offer a global history of communism in the twentieth century **Leo Strauss** Leo

Strauss,2012-02-01 This translation of eighteen virtually unknown early publications provides access for the first time to the origins of Leo Strauss's thought in the intellectual life of the German Jewish renaissance in the 1920s Themes range from the Enlightenment critique of the religion of Spinoza and the anti critique of Jacobi to the political Zionism of Herzl and the cultural Zionism of Buber and Ahad Ha'am The essays and reviews reprinted in this volume document a youth caught in the theological political conflict between the irretrievability of premodern religion and the disenchanting of honest atheism an impossible alternative that precipitated Strauss to seek out the possibility of a return to the level of natural ignorance presupposed in Socratic political philosophy **Edinburgh Companion to the History of Democracy** Benjamin Isakhan,2015-03-24 Re-examines the long and complex history of democracy and broadens the traditional view of this history by complementing it with examples from unexplored or under examined quarters *An Everyday Life of the English Working Class* Carolyn Steedman,2013-12-05 Unique and fascinating account of English working class life at the turn of the nineteenth century by celebrated historian Carolyn Steedman *The Craft of Knowledge* C. Smart,J. Hockey,A. James,2014-09-29 This book is a contribution to contemporary debates on social research with a unique focus on the relationship between methods and the crafting of knowledge Nine experienced researchers from different disciplines have come together to explore what really matters to them in the process of doing qualitative research
