Already Gone Ken Ham, Britt Beemer, 2009-05-01 Over 100 000 copies in print If you look around in your church today two thirds of the young people who are sitting among us have already left in their hearts soon they will be gone for good This is the alarming conclusion from a study Answers in Genesis commissioned from America s Research Group led by respected researcher Britt Beemer The results may unnerve you they may shake long held assumptions to the core but these results need to be taken seriously by the church Already Gone reveals Why America s churches have lost an entire generation of believers The views of 1 000 twenty somethings solidly raised in the church but no longer attending and their reasons why Relevant statistical data effectively teamed with powerful apologetics The study found that we are losing our kids in elementary middle school and high school rather than college and the Sunday school syndrome is contributing to the epidemic rather than helping alleviate it This is an alarming wake up call for the church showing how our programs and our approaches to Christian education are failing and our children are paying the price Though the statistics reveal a huge disconnect taking place between our children and their church experience Already Gone shows how to fight back for our families our churches and our world We can make a difference today that will affect the statistics of tomorrow in a positive and Christ focused way Into the Pilgrimverse Andy Draycott, 2025-07-18 Join the Narrator and Mr Researcher as they recruit characters from John Bunyan s The Pilgrim s Progress to explore the book s extensive afterlives into the Pilgrimverse Readers will hear expedition reports mapping the range of historic and contemporary reception of this spiritual classic Be ready to explore the varied formats of books and adaptations graphic novels illustrations board games music albums movies and more The journey will touch on issues of biblical fidelity missions gender race and sexuality and will cross over from elite art to popular culture This book is for long time lovers of The Pilgrim s Progress and new or simply curious readers Go ahead and jump in But watch out for giants *The Quick Home School Starter Guide: A Question and Answer Collection* Lisa Powell, 2018-06-10 The Quick Home School Starter Guide lists questions and answers for families that are making or considering a transition to home education themselves It includes information on Law Philosophies Curricula Testing and Evaluation Disabilities and Health Support Materials Post secondary Socialization Support Organizations Reasons to Homeschool Perks and Costs The Tough Questions Dad s Point of View Resource Links Practicing what the Doctor Preached Susan Bales Ridgely, 2017 James Dobson is well known to the secular world as a crusader for the Christian right But within Christian circles he is known primarily as a childrearing expert millions of American children have been raised on his message Practicing What the Doctor Preached looks at how Dobson s rigid authoritarian teachings are put into practice by actual families often in surprisingly flexible ways The 10 Minute Bible Journey Dale Mason, 2017-08-04 The 10 Minute Bible Journey is a fast paced synopsis of God s Word from beginning to end Fifty two illustrated accounts connect the chronological gospel centered storyline of more than 200 of the most strategic and amazing events from Creation to Heaven

American Creationism, Creation Science, and Intelligent Design in the Evangelical Market Benjamin L. Huskinson, 2020-08-19 In this compelling and thoroughly researched book Benjamin Huskinson demonstrates that just as there is broad diversity within evangelicalism so too there is broad diversity among creationists His work on the Intelligent Design movement is superb and he prompts me to rethink my long held conviction that Intelligent Design is merely the most recent evolutionary form of creationism This is a very fine book

Randall Balmer Author of *Evangelicalism in America* and writer host of *In the Beginning* The Creationist Controversy Benjamin Huskinson's study of American creationism will be an eye opener for those who sit on the opposite side of the evolution debate He shows that far from being a unified assault on Darwinism the campaign was actually a sequence of separate movements launched by rival evangelical groups competing for influence within their own community

Peter Bowler Author of *Monkey Trials and Gorilla Sermons* Evolution and Christianity from Darwin to Intelligent Design A thoughtful and careful analysis that throws as much light on the diversity of American evangelicalism as it does on Christian attitudes to evolutionary theory Huskinson offers a smart analysis of religious anti evolution movements which neither demonises nor ridicules but seeks to understand the tenets and beliefs of a movement far more complex and multivalent than most of us appreciate A must read for science communicators

Philippa Levine Walter Prescott Webb Chair in History and Ideas University of Texas at Austin USA This book explores the cultural history of anti evolution efforts in the

United States from 1960 to the present refuting several popular narratives about creation science in evangelical America Separating theological terms like creationism from cultural movements such as creation science and intelligent design in an evangelical marketplace of ideas it contests assumptions that evangelical movements against evolution are homogeneous and it argues that intelligent design is not an off shoot of the creation science movement It demonstrates that the rationale of creationist groups is relational as well as ideological showing that the social function of American creationism which is to establish the boundaries of orthodox religion is key to understanding the competing strategies of creation science organisations
