Clarke,2025-03-04 This book critically examines the rise of the higher education reform movement often referred to as the completion agenda which since the early 2000s has sought to restructure core aspects of the community college experience Using community colleges from across nine U S states as practical examples it explores

the major higher education reforms including dual enrollment the demise of developmental education corequisites and performance based funding Against the popular view that support for such policies is tied to neoliberalism it argues for a more nuanced understanding of the complicated and often indistinct ideological foundation of the reform movement demonstrating that supporters and detractors alike draw on similar concepts such as equity student success and affordability This complication is further clarified through an account of the history processes functions and institutions that paved the way for the advent of the higher education reform movement This book is vital reading for anyone interested in the future of community colleges and higher education More generally this book will particularly appeal to scholars researchers and educators working in higher education educational reform and educational policy *Restoring Dignity in Public Schools* Maria Hantzopoulos, 2016 For many students in urban public schools the routines of standards based instruction and frequent testing remove the possibilities for sustained inquiry and critical engagement in school and with the larger world *Restoring Dignity in Public Schools* demonstrates how urban public schools can create thriving authentic centers of learning Drawing from rich narratives of human rights education HRE in action the author shows how school leaders can create an environment in which a culture of dignity respect tolerance and democracy flourishes The book examines the dynamics of HRE in practice defines its constituent elements and explains how these components work in tandem to produce schooling that encourages young people to critically interact with the world around them and imagine different alternatives for the future This timely book provides a viable alternative to the currently favored strategies of increased testing privatization and disciplinary control Book Features A counternarrative to the mainstream discourses of failing public schools in the United States Policies and practices of human rights education in action including the experiences of students and teachers A framework for school leaders to create a climate of dignity for marginalized students Ethnographic research conducted at Humanities Preparatory Academy a public high school in New York City This book provides what most of us don't have hope that a school based on human rights can actually exist in urban education It will inspire grassroots activists and educators alike to envision something tangible to fight for Sally Lee executive director Teachers Unite The testimonies in this book remind us that schools can in fact be transformational communities This is a work of head and heart a call to reimagine schools as sites of critique and collaboration purpose and possibility Bill Bigelow *Rethinking Schools* *Focus On: 100 Most Popular Fantasy Anime and Manga* Wikipedia contributors, **Focus On: 100 Most Popular Light Novels** Wikipedia contributors, **Apprentice Nation** Ryan Craig, 2023-11-07 College isn't for everyone It's time to challenge the status quo and embrace the potential of apprenticeships in tech healthcare finance and more which can provide a sustainable pathway to economic opportunity For decades college has been the only respectable way to access the world of work despite paralyzing tuition and a dire lack of practical skills that has left 40 percent of college graduates underemployed unfulfilled and struggling to repay student loan debt Education and workforce expert Ryan Craig explores how a modern apprenticeship

system will allow students and job seekers to jump start their careers by learning while they earn ultimately leading to greater workforce diversity and geographic mobility With a deep dive into the history behind America s outdated college system Craig reveals The origins of the student debt crises and admissions scandals Why apprenticeships are an effective pathway to career opportunity What America can do to catch up with other nations making apprenticeship opportunities broadly available Where students and job seekers can go to land an apprenticeship Featuring a directory of US apprenticeship programs by industry and location Apprentice Nation is an accessible blueprint for a country where young Americans of all backgrounds can launch careers in a variety of in demand fields With just a few common sense changes to education and workforce development anapprentice nation will put the American Dream within reach for everyone **Math Is Everywhere** Gene Pease,2017-07-19 Math is Everywhere has 365 math activities you can do with your kids right now You could watch bugs listen to music or ride a bike You ll find ideas to entertain with math while waiting for a dentist appointment You can make flubber or a real dirt cake that you can eat You will not find any worksheets or artificial word problems but your child probably will want to create some so beware You won t need to buy a thing unless it s the groceries you and your child will use to make dinner Math is Everywhere is a book for anyone who wants to answer the question When am I ever going to use this math *Standards and Standardization: Concepts, Methodologies, Tools, and Applications* Management Association, Information Resources,2015-02-28 Effective communication requires a common language a truth that applies to science and mathematics as much as it does to culture and conversation Standards and Standardization Concepts Methodologies Tools and Applications addresses the necessity of a common system of measurement in all technical communications and endeavors in addition to the need for common rules and guidelines for regulating such enterprises This multivolume reference will be of practical and theoretical significance to researchers scientists engineers teachers and students in a wide array of disciplines *Dead Man Talking... and talking... and talking* Philip Sorgen,2014-08-20 Philip Sorgen is not really dead it s just that since he received his poetic license he has been dying to use it Philip has been an actuarial trainee at Metropolitan Life Insurance Company a Sp4 in the U S Army reserve and then for thirty four rewarding years a mathematics teacher at Great Neck North High School He plays the piano by ear composes music with a pencil and has tennis elbow which is a lot less severe than tennis balls He is the husband of one a father of two and a grandfather of three This is the story of his life Back cover **Helping Children Learn Mathematics** Robert Reys,Mary Lindquist,Diana V.
