hardships faced by those who love and care for him Leslie and Mark's marriage is sorely tested by their son's condition and the book follows their progress from denial to acceptance while they fight to save their own relationship By embracing the little victories of their life with Cam and by learning to love him as he is Mark takes the reader down a road just as gratifying and perhaps more moving than one to recovery One of Us is not a book about a child who overcomes autism Instead it's the story of a different but equally rare sort of victory the triumph of love over tremendous adversity Webster's New World Roget's A-Z Thesaurus Charlton Laird,2005-05-05 When you need the right word right away turn to Webster's New Roget's A Z Thesaurus Easy Organized alphabetically just like a dictionary with no confusing number systems Accessible Only common words are used in the main entry list never esoteric words that you would not think of looking for Comprehensive Brims with synonyms antonyms and phrases other word finders overlook so you're never at a loss for words Up to the Minute Packed with additional listings and synonyms to reflect today's latest scientific medical and other technical terms **Backpacker** ,2007-09 Backpacker brings the outdoors straight to the reader's doorstep inspiring and enabling them to go more places and enjoy nature more often The authority on active adventure Backpacker is the world's first GPS enabled magazine and the only magazine whose editors personally test the hiking trails camping gear and survival tips they publish Backpacker's Editors Choice Awards an industry honor recognizing design feature and product innovation has become the gold standard against which all other outdoor industry awards are measured Atlanta ,2003-05 Atlanta magazine's editorial mission is to engage our community through provocative writing authoritative reporting and superlative design that illuminate the people the issues the trends and the events that define our city The magazine informs challenges and entertains our readers each month while helping them make intelligent choices not only about what they do and where they go but what they think about matters of importance to the community and the region Atlanta magazine's editorial mission is to engage our community through provocative writing authoritative reporting and superlative design that illuminate the people the issues the trends and the events that define our city The magazine informs challenges and entertains our readers each month while helping them make intelligent choices not only about what they do and where they go but what they think about matters of importance to the community and the region New York Magazine ,1997-06-23 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **Imagined Theatres** Daniel Sack,2017-04-07 Imagined Theatres collects theoretical dramas written by some of the leading scholars and artists of the contemporary stage These dialogues prose poems and microfictions describe imaginary performance events that explore what might be possible and impossible in the theatre Each scenario is mirrored by a brief accompanying reflection asking what they might mean for our thinking about
